PROGRESSIVES REFRAIN FROM NAMING ROOSEVELT WHILE REPUBLICANS VOTE

Only a Political Miracle Can Keep Bull Moose from Nominating Colonel Today in Opinion of Leaders—Hiram Johnson Declares Himself Not in Accord With Delaying Matters.

PROHIBITION PLANK IS VOTED DOWN

Leaders Explain Desire Is to Make Campaign on Issue of Americanism—Borah Appears and Makes Plea for Harmony—At Odd Times Delegates Chant "We Want Teddy," "Do It Now," and Similar Refrains.

Auditorium Hall, Chicago, June 9.—Theodore Roosevelt will be nominated for president tomorrow by the progressive national convention unless there is some political miracle—an agreement between its conferees and those from the republican convention, or direct emphatic word from Mr. Roosevelt himself that the progressive nomination would not be accepted.

For hours today the leaders of the convention staved off a nomination that they knew and every delegate in the hall knew was crowding forward with the hours themselves and could no more be stopped than an avalanche if once the convention was assured that the last hope of peace with the republicans was gone and Mr. Roosevelt's nomination at the Coliseum could not be accomplished.

After three sessions that ran through the gamut of emotions, from hysteria for Roosevelt to a calm and dispassionate discussion of planks in the platform, the convention adjourned at 9:58 tonight until 10:30 o'clock tomorrow morning. It was only after repeated assurances from the leaders that Colonel Roosevelt himself desired the nomination be postponed and after oratory that the delegates swallowed their own convictions that the nomination was about the real and only business to be considered and consented to quit the hall for the night.

WAITED FOR REPUBLICAN VOTE.

All day the delegates kept on guard while the leaders watched or listened over the telephone to detect any unexpected move on the part of the republicans. As the ballots were taken in the Coliseum they waited and listened and kept their tempers. They were told they must "keep the faith" and "wait for the republicans" and "wait for the republicans" according to an agreement between the peace conferees and approved by Colonel Roosevelt himself. One of the incidents of the day and one of the dramatic was the sudden appearance upon the platform of Senator Borah of Idaho, a delegate to the republican convention and one of the peace conferees. He got a reception that rose to the high ceiling of the theatre and swelled out into the streets.

SENATOR BORAH PLEADS FOR HARMONY.

The senator spoke briefly. He hoped for harmony and peace and the spirit of get-together about the promise to follow Mr. Roosevelt with all the ardor of which he was capable if he should be the nominee of the two parties.

There was little routine business during the day. The platform was tentatively agreed upon with only a few changes. The fight to insert a prohibition plank was beaten by a vote of 523 to 32, after the leaders had explained at length that to put it in

Roosevelt Thinks Hughes Strength Is at Maximum

Oyster Bay, N. Y., June 9.—Immediately after the adjournment of the republican convention tonight, Colonel Roosevelt assumed personal direction of the progressive convention through his lieutenants over the long distance telephone. He expected to be up most of the night making plans for tomorrow.

Colonel Roosevelt was kept in close touch with the balloting in Chicago by the newspaper correspondents and by the newspaper correspondents at Oyster Bay. He appeared well pleased with the result of the second ballot which left Hughes far ahead of enough delegates to win the nomination.

Colonel Roosevelt feels that the Hughes adherents will not be able to gain further strength on succeeding ballots and he seemed to attach significance to the fact that it was Senator Penrose who moved for adjournment.

meant that prohibition and not Americanism would then become the main issue of the coming campaign. For the rest of the delegates just cheered and listened. Realizing that an outbreak might be averted only by keeping them in good humor the leaders recognized man after man in the hall, called them to the platform and allowed them to play on the crowd's good nature and its sense of humor.

MOTION TO ADJOURN CARRIES.

Before adjournment the delegates were told of the results of the first two ballots at the Coliseum. They took comfort from the vote for Roosevelt and the motion to end the session was unopposed.

James R. Garfield got the floor and announced that George W. Perkins requested that chairman of all state delegations confer with him at 8 o'clock tomorrow morning. He then moved adjournment until 8 o'clock tonight. The motion was carried, Mr. Garfield stating that from his information he believed it better to take the matter up.

When the convention reassembled for the night session, Chairman Robinson had difficulty in securing order. From several parts of the hall came the cry "Do it now."

Another chant was "why not now?" Demands for immediate nomination of Roosevelt came from the Maine delegation on the stage and were taken up quickly by the audience.

"When we're ready, we'll take Teddy," shouted the Ohio delegation.

News of the republican balloting caused hurried consultations among the progressive leaders.

Johnson does not like delay.

Secretary Davis read the results of the first republican ballot. Governor Johnson of California was recognized and said that he was not in accord with the leaders "who would await the action of the men who robbed us in the night."

Governor Johnson is the most popular figure in the convention and got the usual applause.

He said he had yielded to delay only at Colonel Roosevelt's request. "But I want to say," he continued, "no matter what transpires tonight or tomorrow, a point obligation or none, yours is the obligation to keep the faith."

"God finds us tonight—"

"Oh, God, help us—finds us sitting at the feet of Reed Smoot and Murray Crane."

"I make my protest against what has been done today and the last two days by the progressive party. We have lingered so long, twenty-four hours will do us no more harm."

"But when that is over you and I, my friends, will preserve the progressive party," he concluded.

His pent up indignation so openly and violently enunciated sent the convention into another outburst.

RUSSIANS CONTINUE TO PRESS FORWARD

The Russians are keeping up with success their offensive against the Austro-Hungarians from the Pripiet river to the Rumanian border along a front of some 250 miles. The troops of Emperor Nicholas have crossed the Stripa river in Galicia and reached the Selo Lips river. Petrograd reports that 1143 officers and more than 64,700 men have been taken prisoner since the present drive against the Austro-Hungarians began.

East of Lutsk near the center of the advancing Russian line General Brusiloff's troops have made important advances along the Sty river and the Kiv-Rovno railway. It is reported from Petrograd that German troops have been sent to aid the Austrians.

Vienna admits that the Austro-Hungarian troops have reached new positions on the river Sty in Volynia after fighting rear guard actions with the Russians.

The Germans after their successful thrust in the Thiaumont farm have ceased for the moment their infantry attacks against this section of the Verdun front, Paris reports. Their artillery bombardment, however, has continued heavy in the region south of the Thiaumont farm, in the Chapire wood, in the Fumini wood and south of Damloup. On the left bank of the Meuse several attacks by German infantry against Hill 304 have been repulsed by the French.

Under the pressure of infantry and artillery attacks the Italian troops have withdrawn to new positions in the zone east of Asiago and east of the Campomonte valley. This is admitted by Rome and Vienna officials claim further gains on Asiago highlands. The Austro-Hungarian troops have the number of Italian prisoners since the beginning of the month at 12,400.

King Constantine has signed the order demobilizing 15 classes of the Greek army totaling 150,000 men. Paris considers this action as being the result of pressure by the entente for the evacuation of the island, it is reported from Athens, may bring about the downfall of the Skouloudis ministry.

Three Killed When Atlanta Skating Rink Roof Falls

Atlanta, Ga., June 9.—Three men were killed and a woman seriously injured here tonight by the falling roof of a one-story downtown skating rink. Rains of the past week caused a large quantity of water to accumulate on the roof, the police said, and probably caused it to fall in.

The dead were identified as Hugh Drew, a clerk; J. A. Kimball of Jackson, Ga., and E. J. Golliff, floor manager of the rink.

Mexicans Resentful Against Americans

El Paso, Texas, June 9.—Reports today told of anti-American literature circulation in El Paso and other cities in Chihuahua state. W. B. Ballard of a mining company at San Antonio, Mex., who arrived from Parral, said that several incendiary publications there are a part of a spirit of resentment toward Americans. He denied rumors here that Villa had taken the field in that vicinity and looted several small towns.

Numerous wild rumors of anti-American demonstrations in various parts of the state were circulated in El Paso today, but investigations substantiated that such dispatches telling of riots had little basis.

Private advices from Chihuahua City, the scene of a demonstration several days ago, said the city is again quiet, while reports from Durango City indicate that the latter dispatches telling of riots had little basis.

Sensations Sprung in Orpet Trial

Waukegan, Ill., June 9.—Testimony of the fathers of Marion Lambert and Will Orpet this afternoon held a court room full of spectators tense with interest at the trial of the Wisconsin university student for the murder of his former sweetheart.

Lambert, bent with age and his face wrinkled with hard lines of sorrow, slowly told the story of how, on examining the dead body of his daughter in the woods he had observed scratches on her face. They had not been there the night before, he declared. He also testified that although he had a quantity of cyanide of potassium he kept it in a locked closet and the only key never left his possession.

Orpet, the youth's father, gardener of the Cyrus McCormick estate, testified that he kept a half pound of cyanide in potassium in the greenhouse, a door of which was unlocked.

Title Changed for National Guard

Brownsville, Texas, June 9.—Southern department orders issued today announce that the word "militia" is dispensed with in reference to Texas National guard regiments mustered into federal service and such regiments will be known hereafter as the Second, Third and Fourth Texas regiments. This is the first time since the Civil war that state troops have been so designated, army officers say.

Brig. Gen. James Parker, commanding the Brownsville district, has issued orders to commanding officers warning them against attaching too much importance to threats of raids.

De la Rosa at La Jara.

San Antonio, Texas, June 9.—General Parker at Brownsville, Texas, reported to General Pundston today that General Alfredo Ricaut was moving with a force of Carranza troops along the Mexican side of the Rio Grande in the direction of Laredo to co-operate in the effort to prevent a raid across the border by Luis de la Rosa and his army, now estimated at 400. De la Rosa was last reported at La Jara, south of Laredo.

WEATHER

HERE'S A GOOD PLANK FOR SOME PLATFORM!

IN TIMES OF WAR PREPARE FOR PEACE

CONFEREEES REACH NO AGREEMENT

Chicago, June 10.—The peace conference of the republican and progressive conventions adjourned tonight before 2 o'clock this morning until 9 o'clock without having reached a definite agreement.

De La Rosa Raiders Carranza Troops

Mercedes, Tex., June 9.—After investigating reports reaching here yesterday that a large band of bandits, presumably followers of Luis de la Rosa, were seen on the Mexican side of the Rio Grande opposite San Juan Hacienda, army officials have ascertained that the supposed bandits were Carranza soldiers.

The Carranzistas arrived by rail opposite San Juan Hacienda and went into camp. Army officers believe this is in line with the general strengthening of the border patrol by Mexican commanders.

Shots Are Exchanged at Progreso

Brownsville, Tex., June 9.—Shots were exchanged between American soldiers at Progreso, Texas, and Mexican bandits across the Rio Grande opposite that place tonight, according to unconfirmed reports here. Efforts to communicate by telephone with points in the Progreso district were unsuccessful late tonight. Progresso is forty-two miles west of Brownsville.

Pood riots were reported in Matamoros, opposite here tonight. Military authorities in the Mexican town reported the disturbance had been quelled.

Chinese Provinces Back.

Peking, China, June 9.—The provinces of Sze Chuen, Hunan, Che Kiang and Shen Si have resinded their declaration of independence and reasserted their loyalty to the Peking government.

Second Ballot

Coliseum, Chicago, June 9.—Brumbaugh was recognized and withdrew his name and proposed the name of Theodore Roosevelt. Cheers, yells, whistles, hisses and jeers followed.

The chair called for order and ordered the roll called for the second ballot, which proceeded.

Second ballot:

PROGRESSIVES REFRAIN FROM NAMING ROOSEVELT WHILE REPUBLICANS VOTE

Only a Political Miracle Can Keep Bull Moose from Nominating Colonel Today in Opinion of Leaders—Hiram Johnson Declares Himself Not in Accord With Delaying Matters.

PROHIBITION PLANK IS VOTED DOWN

Leaders Explain Desire Is to Make Campaign on Issue of Americanism—Borah Appears and Makes Plea for Harmony—At Odd Times Delegates Chant "We Want Teddy," "Do It Now," and Similar Refrains.

Auditorium Hall, Chicago, June 9.—Theodore Roosevelt will be nominated for president tomorrow by the progressive national convention unless there is some political miracle—an agreement between its conferees and those from the republican convention, or direct emphatic word from Mr. Roosevelt himself that the progressive nomination would not be accepted.

For hours today the leaders of the convention staved off a nomination that they knew and every delegate in the hall knew was crowding forward with the hours themselves and could no more be stopped than an avalanche if once the convention was assured that the last hope of peace with the republicans was gone and Mr. Roosevelt's nomination at the Coliseum could not be accomplished.

All day the delegates kept on guard while the leaders watched or listened over the telephone to detect any unexpected move on the part of the republicans. As the ballots were taken in the Coliseum they waited and listened and kept their tempers. They were told they must "keep the faith" and allow two ballots to be taken by the republicans according to an agreement between the peace conferees and approved by Colonel Roosevelt himself. The approval of the colonel was a trump card held up the sleeves of the leaders but never played, for when they quit the Coliseum for the night the delegates, tired out with long sitting in the hot, sticky theatre, were willing to wait for nominating.

"Twenty-four hours more won't make any difference," said Gov. Hiram Johnson. The crowd agreed and accepted the motion to adjourn.

SENATOR BORAH PLEADS FOR HARMONY.

The senator spoke briefly. He hoped for harmony and peace and the spirit of get-together but he promised to follow Mr. Roosevelt with all the ardor of which he was capable if he should be the nominee of the two parties.

There was little routine business during the day. The platform was tentatively agreed upon with only a few changes. The fight to insert a prohibition plank was taken by a vote of 523 to 42, after the leaders had explained at length that to put it in

Oyster Bay, N. Y., June 9.—Immediately after the adjournment of the republican convention tonight Colonel Roosevelt assumed personal direction of the progressive convention through his lieutenants over the long distance telephone. He expected to be up most of the night making plans for tomorrow.

Colonel Roosevelt was kept in close touch with the balloting in Chicago by progressive leaders over the telephone and by the newspaper correspondents at Oyster Bay. He appeared well pleased with the result of the second ballot which left Hughes far short of enough delegates to win the nomination.

Colonel Roosevelt feels that the Hughes adherents will not be able to gain further strength on succeeding ballots and he seemed to attach significance to the fact that it was Senator Penrose who moved for adjournment.

In the belief of Colonel Roosevelt the maximum of Hughes' strength was reached on the second ballot and that his own chances of getting the nomination were thereby increased.

The progressive national convention is becoming restless, Colonel Roosevelt admitted tonight. The party leaders who are attending the convention have pressed insistently for information as to how much longer they must wait before making a nomination. Colonel Roosevelt responded in effect to each appeal by advising delay and proposing that the progressives wait until some definite action was taken by the republicans. Colonel Roosevelt tonight refused to indicate his attitude in regard to the nomination of a separate ticket by the progressives. It is the general opinion in Oyster Bay tonight that unless the republicans "show a spirit of accommodation" the progressives undoubtedly will place a third ticket in the field.

JUSTICE HUGHES LEADS ON FIRST AND GAINS ON SECOND G. O. P. BALLOT

Republican Convention Adjourns After Voting Twice—First Time Since 1888 That Candidate for President Has Not Been Nominated on First Ballot.

ROOSEVELT'S STRENGTH UNDER HUNDRED

Weeks, Root, Cummins and Fairbanks All Ahead of Progressive Leader in Final Vote of Opening Day—Ford and Brumbaugh Drop Out of Race—Demonstrations Follow Nominating Speeches.

Chicago, June 9.—On the two only ballots for president taken today in the republican national convention, Justice Charles E. Hughes led the field and gained strength. His supporters, confident that another ballot would give him a majority, resisted taking an adjournment, but the convention, tired and worn with a continuous ten hours' session, was determined to have a rest and adjourned until 11 o'clock tomorrow morning.

It was the first time since 1888 that a republican national convention has taken more than one ballot to choose a presidential nominee.

On the first ballot, Justice Hughes polled 253 1-2 votes. He got forty-two from his own state and aside from Oregon and Florida the remainder were largely scattering. On the second ballot he increased to 328 1-2 votes. It requires 494 votes to nominate.

Colonel Roosevelt's topmost strength in the first day's balloting was 81 votes. Besides Justice Hughes, only the colonel and Charles W. Fairbanks of all the eighteen men who had votes on the first ballot made an increase on the second.

ROOSEVELT IS CHEERED LONGEST.

The expected demonstration for Colonel Roosevelt when he was nominated by Senator Fall of New Mexico lasted forty-one minutes and broke the record for this convention.

Many observers agreed that it was a gallery demonstration and the participation was scattering from the delegate sections. The Fairbanks demonstration ran next with thirty-five minutes, the Burton demonstration thirty-four minutes, the Hughes twenty minutes and the Cummins eighteen minutes.

On the first ballot the delegates, following their instructions, voting for favorite sons and prize-fighters, elected Senator Fall 105, Elihu Root 102, Cummins 85, Fairbanks 74 1-2, Sherman 66, Roosevelt 65 and Knox 36.

Henry Ford got Michigan's thirty-two votes by instruction. Former President Taft got fourteen from Texas and the scattering included complimentary votes for Borah, Willis and McCall and the instructed vote for other candidates.

MICHIGAN LEAVES FORD ON SECOND.

On the second ballot Michigan turned 59 over to Hughes and gave Colonel Roosevelt 2; McCall of Massachusetts turned his vote to the justice, amid great applause; Senator Lodge, who had nominated Senator Weeks, turned his vote to Colonel Roosevelt; W. Murray Crane announced his vote for Hughes; Missouri gave the justice 22 of her 35; New Jersey gave him 16. The New York delegation vote on the second ballot stood: Hughes 45, Root 42, Roosevelt 2, Pennsylvania's second ballot was: Knox 36, Roosevelt 22, John Wanamaker 5, Hughes 8, DuPont 2, Root 1 and one not voting.

Before the second ballot was taken one of the favorite sons—Governor Brumbaugh—withdrew and proposed the nomination of Colonel Roosevelt. The other favorite sons remained throughout the balloting. On the second ballot vote was cast for Major General Leonard Wood and one for Chairman Harding.

Tomorrow the Hughes supporters predict they will continue to draw strength and nominate their candidate. "We quit while we were growing," declared the Hughes people.

WHERE HUGHES' GAINS WERE FROM.

An analysis showing where the gains of Justice Hughes came from on the second ballot follows:
In all Justice Hughes gained seventy-five votes on the second ballot. He

gained one in Alabama, two in California, one in Georgia, one in Kentucky, two in Louisiana, two in Maine, eight in Massachusetts, twenty-eight in Michigan, four in Missouri, two in Nebraska, three in New Hampshire, four in New Jersey, one in New York, six in Pennsylvania, two in South Carolina, two in Texas, one in Utah, three in Virginia, three in West Virginia, one in Hawaii. He lost one vote in Arkansas and one in Hawaii.

Roosevelt gained sixteen votes on the second ballot. One of these came from Maine, one from Massachusetts, two in Michigan, fifteen from Pennsylvania and one from Texas. He lost one vote in Idaho, one in South Carolina, one in Washington and one in Georgia.

In ten continuous hours the delegates today sat through eleven nominating speeches which presented Justice Hughes, Elihu Root, former Senator Burton, Senator Weeks, T. Coleman DuPont, Senator Sherman, former Senator Fairbanks, Senator Cummins, Colonel Roosevelt, Senator La Follette and Governor Brumbaugh.

There were a number of second speeches. Ten had been planned for Colonel Roosevelt and although Chairman Harding agreed to recognize them all they did not all appear.

The demonstrations as candidates were nominated were the usual cheering, roaring, marching and shouting. During the uproar that greeted the nomination of Colonel Roosevelt the police had to be sent to the galleries to prevent women from tearing bunting from the racks. Otherwise the demonstrations while noisy and prolonged, were good natured and orderly.

Tomorrow the convention leaders expect to dispose of both presidential and vice presidential nominations in a matter of hours. The delegates take their seats at 11 o'clock for the third ballot it will be Hughes against the field.

The total vote of the convention fixed by the credentials committee at 983 was reduced to 987 because of the two Porto Rico delegates failed to qualify. This reduced the number necessary for a nomination to 494 instead of 495 as previously had been announced.

Says Hughes Will Win.

Chicago, June 9.—Governor Whitman of New York tonight asserted that Hughes would be nominated tomorrow.

"The peace conference tonight will be futile," he said. "There is no prospect of an agreement and Justice Hughes will be named as standard bearer of the republicans tomorrow on the third or fourth ballot."

Chamber Commerce Will Distribute Grunters Today

Despite the difficulty that has been encountered in securing pigs by the Chamber of Commerce for distribution among the boys of the county, the officers of the organization have found enough pigs for today's distribution which will take place on the square this morning.

The main drawback to getting the pigs is the fact that the officers of the organization are following a field precedent of propagating in this way only pure and full-blooded animals, all of which can be registered if the owners desire.

COMMITTEES OF THE CHAMBER COMMERCE HAVE BEEN NAMED

With the announcement of the permanent committees of the Chamber of Commerce the new working plan of the organization is now complete. The principle in activities under the recently adopted constitution is the accomplishment of a definite schedule of work by a specific committee. President J. M. Penland announces the following list of committees for the ensuing administration:

Public Highway—R. J. Windrow, R. J. Potts, Percy Willis.
Charities—J. J. Dean, Frank Wells, E. P. Carroll.
Publicity—J. E. Earle, James Hays Quarles, P. W. Miller.
Civic Development—R. J. Potts, E. M. Ross, E. M. Witte.
C. Barrett.
Trade Extension—Sam Hanna, H. M. Baine, G. H. Zimmerman.
Traffic—E. R. Bolton, E. C. Barrett, J. M. Cornett, Ralph McLendon, H. C. Risher, T. P. Duncan, T. P. Bush, Percy Willis, Alex Sanger, Forrest Goodman.
Industrial—H. M. Baine, E. W. Marshall, T. P. Duncan, T. P. Bush, J. B. Earle.
Navigation and Drainage—W. W. Seley, Roy E. Lane, J. C. Ray, L. C. Puckett, Dr. I. L. McGlasson.
Membership—M. E. Wilkins, W. V. Crawford, E. A. Miller, H. C. Risher.
Agricultural—W. W. Woodson, T. P. Duncan, J. Lee Davis.
Convention—R. E. Pellow, Dr. I. L. McGlasson, B. C. Nettles.
Arbitration—J. C. Riley, chairman; W. H. McCullough, vice chairman; J. S. Hill, D. P. Wallace, H. S. Davis, T. L. Miller, C. A. Sherman.
Executive—J. R. Milam, Alex Sanger, J. J. Powers, T. P. Duncan, E. W. Marshall, Abe Gross.
Finance—W. G. Lacy, L. Migel, T. E. Bush, W. W. Woodson.
President Penland is ex-officio chairman of both the finance and executive committees.

Improvement Notes

The work of repairing the various ward school buildings of the city will be carefully attended to by Superintendent B. B. Cobb during the summer months, and all that is necessary to be done to put the buildings in good shape and sanitary condition will be done before the summer ends. There are various and sundry repairs which have to be made, and this necessitates a careful inspection of each separate building before the work is undertaken.

A new public school building is to be erected at Bosque boulevard and Twenty-fifth streets.

Following out the notification to build sidewalks on Sanger avenue, between Eighteenth and Twenty-eighth streets, Ed Yinger, living next to the southwest corner of Sanger and Twenty-first streets, is having curb and sidewalk built. Mr. Yinger is the second person on the street to respond to the notification, the first being Ed J. Jurney.

Workmen are busy clearing away the wreckage of the Alamo theatre building, which was destroyed by fire last month, preparatory to reconstructing the building in so far as its main features are concerned.

The construction is in charge of Contractor M. Ligon, the building belonging to the Peter McClelland estate and being in charge of John K. Rose as trustee. Trustee Rose will have the roof put back on the two-story building, which is located on Austin street, just west of the corner of Fourth, south side, and will have the joists put in, a floor laid and some other changes provided, but will leave the front until a tenant has been secured, so as to get the kind of front wanted by tenant.

Real estate transfers, reported by the McLennan County Abstract company, yesterday:

N. L. Ring et ux. to A. V. Jurica, five acres of the University lands, \$2,100.
B. T. Goodwin et ux. to Nat Harris, lot 20 and part of lot 19, King and Gribble addition, \$3,500.
Paul Maas et ux. to city of Waco, two strips of land on Dutton street, near South Ninth street, \$399.75.
A. E. Scott et ux. to Mrs. M. L. Bate-man, lot 14, block 3, McNeese Heights addition, \$500.

This gives a total of \$17,143.75.

Wesley Classes Have Monthly Meeting

The regular monthly meeting of the city federation of Wesley Bible classes was held last night at the Herring Avenue Methodist church, at which time the program was carried out as planned.

In addition to the program, a very interesting talk on the federation was made by Rev. E. Hightower, general field secretary of the Central Texas conference of Wesley Bible classes.

Now You Can Send Things To the Boys on the Border With No Cost or Trouble

Arrangements have been made by the News for concentration points for the books, magazines and foods that Wacoans desire to send to their "boys" with the troops on the border.

The Wells Fargo Express company has offered to carry all such provisions for the soldiers without charge to consignee or consignee, providing that all presents shall be boxed and sent in one shipment. Officials of the company here stated yesterday that this does not mean one shipment, but as many as the people of the city care to send, and the offer is open as long as the troops remain on the border.

With the proper understanding on the part of the parents, friends, sweethearts and others who will send delicacies to the hungry soldiers, the food stuffs can be in the mouths of the boys in thirty-six hours after they leave Waco.

The shipments will be sent each Tuesday and Saturday, leaving here at 8 o'clock at night and arriving at El Paso on noon the following Thursday and Monday. In case it is desired to send fried chicken or other cooked foods that will not keep for any length of time, they can be fixed ready for the shipment on the evening of the shipping, and arrive still fresh and sweet.

The concentration points will be at Sanger Brothers, Friends Drug store, and The Famous. The receiving point for East Waco will be R. G. Wright & Son, who will send an automobile to the residence of anyone caring to ship articles to the border.

The Wells Fargo company will send trucks around to the "concentration camps" every Tuesday and Saturday afternoon, just before the departure of the train that is to carry the consignment to the hungry ones.

The small packages of the "home folks" will be boxed in one shipment by those at the concentration points, and then the boxes from all points will be sent in one shipment.

It is essential that the names of the boys to whom they are sent are written plainly on the packages, giving the company number and regiment number.

Hon. L. T. Dashiell Will Speak Wednesday for Candidate Morris

Arrangements were perfected yesterday whereby Hon. L. T. (Travis) Dashiell will speak in Waco next Wednesday evening, June 14, on the west side of the court house lawn, his address being in behalf of the candidacy of Hon. Charles Morris for governor.

The plans for the speaking were made by H. A. Secrest and Ralph Wade of Dallas, the latter being secretary of the Morris headquarters here; they worked in conjunction here with W. D. Rowell, who is an enthusiastic Morris supporter and is hustling for him. It is not yet known who will introduce the visitor. Mr. Morris will be here in person later and Hon. W. D. Rowell, who is an enthusiastic Morris supporter and is hustling for him. It is not yet known who will introduce the visitor. Mr. Morris will be here in person later and Hon. W. D. Sunday School Class of Deaf Mutes Will "See" Lesson Taught

An interesting attraction will be at the Columbus Street Baptist church tomorrow morning when Rev. J. W. Michaels, a deaf mute, will deliver an address to the deaf mute Sunday school class now being taught by Mrs. O. M. Weatherby. The theme will be "Evangelistic Work Among the Deaf," other things on the program are: "The History of the Class," and "The Value of a Bible to the Deaf," by Harry L. Ford.

Sherman Woman Pours Lye on Husband

Sherman, Tex., June 9.—Because she regarded her husband as too attractive to other women, Mrs. L. P. Gathright told authorities here, she poured a quart or more of concentrated lye on his face and body while he slept early today, burning out both of his eyes and badly burning and disfiguring his body.

"I did not want to kill him, but I did want to put his eyes out and spoil his handsome face so he would not be attractive to other women, so I poured the lye on him," is the statement the sheriff said she made to him today.

Gathright, who is 45, and who owns a restaurant here, it is said, will recover but will be totally blind. He requested that his wife be not arrested.

June Tenth Pardons.

Austin, June 9.—Governor Ferguson today granted pardons to ninety-two negroes serving in the state penitentiary. These pardons are designed as June 19 pardons, and will be issued to the recipients in time for them to spend June 19 at their former homes.

The board of pardons had made recommendations for executive clemency for these prisoners.

Greek Drowns at Galveston.

Galveston, June 9.—James Pappas, a Greek, 22 years old, employed as a waiter here at one of the beach hotels, was drowned this morning while bathing alone in the surf. He was seen to venture into a place designated as dangerous and disappeared. The body has not been recovered.

Praetorian Teams Have Delightful Banquet Session

As a climax to a warmly contested membership campaign, the Roman team of the local Praetorians was banqueted by the defeated Lygians at a well attended festival held last night in the Knights of Columbus hall. The spread proved a delightful affair and the fights between the two teams added zest to the good natured rally of the speakers. W. A. Laughlin, district manager of the order, acted as toastmaster of the evening.

M. H. Hannon, captain of the Roman winners, was presented with an expensive gold watch, and the leader of the conquered hosts, W. Edgar Sinsletary, was given a tin watch as a consolation prize. Mr. Laughlin was secretary of the winning side and Jesse C. Hicks was secretary of the losing side.

The following program was carried out:

Toasts—"The Winners," A. C. Johnson.
"The Losers," Percy C. Wiley.
"The New Contest," T. Edgar Johnson.
"The Ladies of '26,'" Giles P. Lester.
"Our Supreme Officers," Jake Tiley, Music.

Manager Methodist Orphanage, Herring Avenue, City.
Dear Sir:
Believing that the faithful picturization of Lewis Carroll's great book, "Alice in Wonderland," will delight children of all ages and will help them morally, the Hippodrome theatre extends a cordial invitation to the children of the Methodist orphanage to attend the showing of this faithful six-reel adaptation on Monday and Tuesday of next week as the guests of our theatre.

The program will be about one hour and thirty minutes long and will run continuously from 9 o'clock a. m. until 11 o'clock p. m. Please notify the manager of your arrival at the theatre and he will take care of you.

Cordially yours,
E. H. HULSEY,
General Manager.

Chamber Commerce Will Distribute Grunters Today

Despite the difficulty that has been
encountered in securing pigs by the
Chamber of Commerce for distribution
among the boys of the county, the of-
ficers of the organization have found
enough pigs for today's distribution,
which will take place on the square
this morning.

The main drawback to getting the
pigs is the fact that the officers of the
organization are following a rigid pre-
cedent of propagating in this way only
pure and full-blooded animals, all of
which can be registered if the owners
desire.

COMMITTEES OF THE CHAMBER COMMERCE HAVE BEEN NAMED

With the announcement of the per-
manent committees of the Chamber of
Commerce the new working plan of the
organization is now complete. The
principle in activities under the re-
cently adopted constitution is the ac-
complishment of a definite schedule
of work by a specific committee.

President J. M. Penland announces
the following list of committees for
the ensuing administration:
Public Highway—R. J. Windrow, R.
J. Potts, Percy Willis.
Charities—J. J. Dean, Frank Wells,
E. F. Carroll.

Publicity—J. B. Earle, James Hays
Quarles, P. W. Miller.
Civic Development—R. J. Potts, E.
M. Ross, E. M. Witte,
C. Barrett.

Trade Extension—Sam Hanna, H. M.

J. J. Powers, T. P. Duncan, E. W.
Marshall, Alex Gross.

Finance—W. G. Lacy, L. Mize, T. F.
Bush, W. W. Woodson.

President Penland is ex-officio chair-
man of both the finance and executive
committees.

Improvement Notes

The work of repairing the various
ward school buildings of the city will
be carefully attended to by Superin-
tendent B. B. Cobb during the summer
months, and all that is necessary to be
done to put the buildings in good shape
and sanitary condition will be done.

There are many of the public school
buildings, requiring careful attention
to keep all of them in proper repair,
but the work will be handled before the
summer ends. There are various
and sundry repairs which have to be
made, and this necessitates a careful
inspection of each separate building
before the work is undertaken.

A new public school building is to be
erected at Bosque boulevard and Twen-
ty-fifth streets.

Following out the notification to build
sidewalks on Sanger avenue, between
Eighteenth and Twenty-eighth streets,
Ed Yinger, living next to the southwest
corner of Sanger and Twenty-first
streets, is having curb and sidewalk
built. Mr. Yinger is the second person
on the street to respond to the noti-
fication, the first being Ed J. Jurney.

Workmen are busy clearing away the
wreckage of the Alamo theatre
building, which was destroyed by fire
last month, preparatory to reconstruct-
ing the building in so far as its main
features are concerned.

The construction is in charge of Con-
tractor M. Ligon, the building belong-
ing to the Peter McClelland estate and
being in charge of John K. Rose as
trustee. Trustee Rose will have the
roof put back on the two-story build-
ing, which is located on Austin street,
just west of the corner of Fourth, south
side, and will have the joists put in, a
floor laid and some other changes pro-
vided, but will leave the front until a
tenant has been secured, so as to get
the kind of front wanted by tenant.

Real estate transfers, reported by the
McLennan County Abstract company,
yesterday:

H. H. Coruch et ux. to R. H. Owens
et al., 37.19 acres of the O'Campo prop-
erty, \$8,719.

The Waco company to Chester Ar-
thur, lot 1, block 21, Baylor addition;
\$1,425.

N. L. Ring et ux. to A. V. Jurica, five
acres of the University lands; \$2,100.

B. T. Goodwin et ux. to Nat Harris,
lot 26 and part of lot 39, King and
Gribble addition; \$3,500.

Paul Mass et ux. to city of Waco,
two strips of land on Dutton street,
near South Ninth street; \$699.75.

A. E. Scott et ux. to Mrs. M. L. Bates-
man, lot 14, block 3, McNeese Heights
addition; \$500.

This gives a total of \$17,143.75.

Wesley Classes Have Monthly Meeting

The regular monthly meeting of the
city federation of Wesley Bible classes
was held last night at the Herring
Avenue Methodist church, at which
time the program was carried out as
planned.

In addition to the program, a very
interesting talk on the federation was
made by Rev. E. Hightower, general
field secretary of the Central Texas
conference of Wesley Bible classes.

Now You Can Send Things To the Boys on the Border With No Cost or Trouble

Arrangements have been made by the
News for concentration points for the
books, magazines and foods that Waco-
ans desire to send to their "boys" with
the troops on the border.

The Wells Fargo Express company
has offered to carry all such provisions
for the soldiers without charge to con-
signer or consignee, providing that all
packages shall be boxed and sent in one
shipment. Officials of the company
here stated yesterday that this does
not mean one shipment, but as many as
the people of the city care to send, and
the offer is open as long as the troops
remain on the border.

With the proper understanding on
the part of the parents, friends, sweet-
hearts and others who will send deli-
cacies to the hungry soldiers, the food
stuffs can be in the mouths of the boys
in thirty-six hours after they leave
Waco.

The shipments will be sent each
Tuesday and Saturday, leaving here at
8 o'clock at night and arriving at
Pharr on the following Thursday
and Monday. In case it is de-
sired to send fried chicken or other
cooked foods that will not keep for any
length of time, they can be fixed ready
for the shipment on the evening of the
shipping, and arrive still fresh and
sweet.

The concentration points will be at
Sanger Brothers, Freund's drug store,
and The Famous. The receiving point
for East Waco will be R. G. Wright &
Son, who will send an automobile to the
residence of any one caring to ship
articles to the border.

The Wells Fargo company will send
trucks around to the "concentration
camps" every Tuesday and Saturday
afternoon, just before the departure of
the train that is to carry the consign-
ment to the hungry ones.

The small packages of the "home
folks" will be boxed in one shipment
by those at the concentration points,
and then the boxes from all points will
be sent in one shipment.

It is essential that the names of the
boys to whom they are sent are writ-
ten plainly on the packages, giving the
company number and regiment num-

Hon. L. T. Dashiell Will Speak Wednesday for Candidate Morris

Arrangements were perfected yester-
day whereby Hon. L. T. (Travis) Dash-
iell will speak in Waco next Wednes-
day evening, June 14, on the west side
of the court house lawn, his address
being in behalf of the candidacy of
Hon. Charles Morris for governor.

The plans for the speaking were
made by H. A. Secrest and Ralph Wade
of Dallas, the latter being secretary
of the Morris headquarters here; they
worked in conjunction here with W. D.
Rowell, who is an enthusiastic Morris
supporter and is hustling for him. It
is not yet known who will introduce
the visitor. Mr. Morris will be here
in person later and Hon. W. M. Pear-
son of Dallas probably will speak here
in behalf of Mr. Morris about the first
of next month. Efforts will be made
to secure a large attendance Wednes-
day night, and it is practically certain
that this will result.

Sunday School Class of Deaf Mutes Will "See" Lesson Taught

An interesting attraction will be at
the Columbus Street Baptist church
tomorrow morning when Rev. J. W.
Michaels, a deaf mute, will deliver an
address to the deaf mute Sunday
school class now being taught by Mrs.
O. M. Weatherly. The theme will be
"Evangelistic Work Among the Deaf."
Other things on the program are: "The
History of the Class," a song, and "The
Value of a Bible to the Deaf," by Harry
L. Ford.

The public, if interested either out of
curiosity or sympathy, is invited to
attend this interesting program.

Sherman Woman Pours Lye on Husband

Sherman, Tex., June 9.—Because she
regarded her husband as too attractive
to other women, Mrs. L. P. Gathright
told authorities here, she poured a
quart or more of concentrated lye on
his face and body while he slept early
today, burning out both of his eyes and
badly burning and disfiguring his
body.

"I did not want to kill him, but I
did want to put his eyes out and spoil
his handsome face so he would not be
attractive to other women, so I poured
the lye on him," the statement the
sheriff said she made to him today.

Gathright, who is 45, and who owns
a restaurant here, it is said, will re-
cover but will be totally blind. He
requested that his wife be not ar-
rested.

Juneteenth Pardons.

Austin, June 9.—Governor Ferguson
today granted pardons to ninety-two
negroes serving in the state peniten-
tiary. These pardons are designed as
June 19 pardons, and will be issued
to the recipients in time for them to
spend June 19 at their former homes.
The board of pardons had made recom-
mendations for executive clemency for
these prisoners.

Greek Drowns at Galveston.

Galveston, June 9.—James Pappas, a
Greek, 22 years old, employed as a
waiter here at one of the beach hot-
els, was drowned this morning while
bathing alone in the surf. He was
seen to venture into a place designated
for swimmers and disappeared. The
body has not been recovered.

John R. McLean Dies.

Washington, June 9.—John R. Mc-
Lean, owner of the Washington Post
and the Cincinnati Enquirer, died at
his home here at 2:50 o'clock this af-
ternoon after a long illness.

Bandits Hanged at Deming.

Deming, N. M., June 9.—Francisco
Alvarez and Juan Sanchez, two Villa
followers, captured during the raid on
Columbus, N. M., March 9, were hanged
here today at 6:30 a. m. singly.

Praetorian Teams Have Delightful Banquet Session

As a climax to a warmly contested
membership campaign, the Roman
team of the local Praetorians was ban-
queted by the defeated Lygians at a
well attended festival held last night
in the Knights of Columbus hall. The
spread proved a delightful affair and
the fits between the opposing teams
added zest to the good natured rally of
the speakers. W. A. Laughlin, dis-
trict manager of the order, acted as
toastmaster of the evening.

M. H. Hannon, captain of the Ro-
man winners, was presented with an
expensive gold watch, and the leader
of the conquered hosts, W. Edgar Sin-
gletary, was given a tin watch as a
consolation prize. Mr. Laughlin was
secretary of the winning side and Jesse
C. Hicks was secretary of the losing
side.

The following program was carried
out:

Toasts—"The Winners," A. C. John-
son.

"The Losers," Percy C. Wiley.

"The New Contest," T. Edgar John-
son.

"The Ladies of '26,'" Giles P. Les-

Hippodrome Invites Orphans for "Alice in Wonderland"

The management of the Hippodrome
has extended the following invitation
to the Methodist orphanage of the city:
Waco, Tex., June 9, 1916.

Dr. R. A. Burrows,
Manager Methodist Orphanage,
Herring Avenue, City.

Dear Sir:

Believing that the faithful picturiza-
tion of Lewis Carroll's great book, "Al-
ice in Wonderland," will delight chil-
dren of all ages and will help them
morally, the Hippodrome theatre ex-
tends a cordial invitation to the chil-

Complaint Is Filed Under County Stock Law from West

A fine which was imposed in the county court Thursday for allowing stock to run at large, the case originating at West, calls attention to the fact that the stock law in this county is either being generally observed or else there is much leniency being exercised towards those who are not obeying the law, for this is the first complaint of the kind which has reached the court in years; in fact, Deputy County Clerk Victor Bunata said yesterday that he thought it had been at least eight years since a similar complaint had been filed.

By common consent the people are careful about allowing their stock to run at large, and back of this general agreement stands the law, which can be applied in cases where persons arbitrarily try to violate the compact.

There has been a good deal of talk of taking away fences in parts of the county, but this has not been seriously attempted, though it is done in some sections of the country.

GREAT CROWDS ARE EXPECTED TO HEAR FARMER JIM TODAY

GOVERNOR WILL OPEN CAMPAIGN FOR SECOND TERM IN AUDITORIUM AT 2:30 P. M.

With public opinion now engrossed in the subject of politics and the inevitable appeal that an opening gubernatorial speech always has in Texas, backed by the intense zeal of the present governor's supporters, Waco will be the mecca of several thousand interested voters for the address of James E. Ferguson this afternoon at 2:30 o'clock in the Auditorium. The governor will arrive in Waco at 11:49 over the Katy from Austin and will be accompanied by some 200 of his friends. Members of a large reception committee, headed by a band, will greet the governor's special train. Mr. Ferguson will be escorted to the Raleigh for an informal reception of friends.

Col. A. R. McCollum will introduce the governor. Arrangements for the coming of the governor for his opening campaign address for his second term have been made by Hon. O. L. Strubbs.

To accommodate the large crowd with the greatest amount of comfort, workmen have been busy installing electric fans in the Auditorium, preparing for extra seats and getting everything ready for a crowded house.

Friends of the governor, as well as those interested in state politics of whatever shade, from all parts of central Texas, will swell the local crowd. It is expected that the gathering will be as great as many of the historic political assemblies which have gone down in Waco's traditions.

OUSLEY HAS BEEN ASKED TO COME HERE FOR TALK

Head of A. & M. Extension Department Expected Here for Address to Farmers.

Clarence Ousley, director of the extension department of the Agricultural and Mechanical college, has been asked to come to Waco on Saturday, June 17, and make an address to the farmers of this section at the farm of J. A. Pipkin, Jr., county demonstration agent. The faithfulness with which Mr. Pipkin had adhered to the government specifications in planting an acre of corn, has led members of the extension department corps to desire to use it for a practical demonstration.

Attention is called to the fact that it is a great deal more educational to the farmer to say "there is a farm cultivated after the best approved scientific methods" than merely to tell how such a farm should be run. It is declared that Mr. Pipkin on his one acre of scientifically planted corn will probably secure almost a hundred bushels of corn, although it is not irrigated.

If Mr. Ousley is able to present on the date planned, it is expected there will be a large gathering of farmers from this section of the county. The Pipkin farm is three miles out on the Marlin road.

The Merry Robins met Thursday with Mrs. Kolbe in regular club session. Appropriate warm weather refreshments were served.

INVITATIONS ARE OUT FOR GARDEN PARTY

Mrs. Percy Willis and Mrs. Tom Edmondson have issued invitations for a garden party for Thursday of next week. They pitched camp Thursday morning and are planning a two weeks' stay of fishing and swimming. The party includes Misses Florrie Glass, Nell Baker of Austin, Nan Halbert, Maybelle Wood, Lois Smith, Ellen Forsgard, Roberta Rodgers.

GIRLS' CAMP ON THE BOSQUE FOR TWO WEEKS

Mr. and Mrs. William Moseley are chaperons for a jolly assemblage of girls in camp at Eichelberger's, on the Bosque. They pitched camp Thursday morning and are planning a two weeks' stay of fishing and swimming. The party includes Misses Florrie Glass, Nell Baker of Austin, Nan Halbert, Maybelle Wood, Lois Smith, Ellen Forsgard, Roberta Rodgers.

YOUNG MARRIED LADIES BRIDGE WITH MRS. MOORE

Another good time was added to the long series enjoyed by the Young Married Ladies' bridge club, when Mrs. A. J. Moore, in her own hospitable way, entertained on Tuesday. As is usual, an elaborate luncheon was served. The first prize in the bridge game which was played was won by Mrs. Harold Shear, and Mrs. Donald Hodges, better known as Miss Celia Moore, secured the second prize. Next Tuesday morning Mrs. Eva Pendergast will have the Young Married Ladies' club.

BACHELOR MAIDS WITH MISS KATHERINE RAYNOLDS

The Bachelor Maids met Friday morning with Miss Katherine Raynolds in regular session. After their usual game of bridge, a welcome salad course was served. To Miss Harriet Morse fell the club prize, and to Miss Anne Risher went the guest prize. The following visitors were present: Misses Anne Risher, Mary Holson of Dallas, Alice Brazelton, Frances Hayes, Mabel Chambers and Ethel Foster. The hostess for the next meeting has not yet been determined, but will be announced later.

POPULAR YOUNG VISITOR RETURNS TO HER HOME

Miss Yvonne Murphy has gone home. This news will gladden hearts in West Virginia, but to her large circle of admirers and the Central City news has a mournful sound. Miss Murphy has been one of the most delightful of the delightful visitors from foreign parts. Clever, beautiful, gracious, winning, she won hearts as easily as she gave smiles. Mrs. Harvey McCutcheon as her hostess has been fortunate in having such a guest. Society will always welcome her when it is possible for her to come back to us.

MISS MARIE BLOCKER ENTERTAINS WITH DANCE

Miss Marie Blocker's invitation for a dance in Elks' hall brought a unanimous response. The hall was filled and tastefully decorated with palms and ferns, interspersed with a profusion of delicate cut flowers. A fruit punch was served to thirsty dancers throughout the program. In all the evening away at Miss Blocker's invitation. Mrs. H. T. Cruger, Miss Lottie Cruger of Austin and Miss Nettie Autrey were the chaperons.

SOCIAL NEEDLECRAFT WITH MRS. GREEN

The Social Needlecraft met in regular session Thursday with Mrs. G. W. Green, who made a very pleasant hostess indeed. After the regular hour of needle work, musical numbers and recitations proved a delightful diversion. Two new members, Mrs. G. D. Hays and Mrs. J. M. Jackson, were cordially welcomed into the club. Fruit punch with cake was served to club members and the following visitors: Misses Stanley, Sears of Brownwood, Mansfield, Harrison of Valley Mills, and McDonald of Temple.

MISS EDITH ADELMAN IN PIANO RECITAL

On Thursday afternoon, June 8, Miss Edith Adelman, pupil of Miss Zuma Wallace, appeared in a graduating pianoforte recital, at the Central City church. Miss Adelman's rendition of the difficult program, which was selected from the great masters, displayed unusual accuracy, facile technique, poise and artistic interpretation. The Bach Prelude and Fugue and the Haydn Sonata were played with clearness and precision, while the Largo from Beethoven's Sonata, Op. 2, No. 2, showed good tone and expression. Among the brilliant numbers were the two Chopin Etudes, Prelude in C Sharp Minor by Rachmaninoff, MacDowell's "Witch's Dance" and the Finale of the Schumann Etudes Symphonique.

THE TWENTY DAISIES WITH MISS QUICKSALL

Miss Alene Quicksall opened her attractive home on Speight street to her club friends, the Twenty Daisies, on Thursday evening. Every Daisy responded to the invitation. Forty-two was the principal diversion, as needlework was voted too prosy for a warm day. This merry set of girls does not intend to disband on account of the approach of summer, but they are planning some delightful and unique forms of entertainment that will carry them through the heat more pleasantly than would otherwise be possible. There was one lovely man present, but he seemed glad to have the field of daisies for his own picking. Miss Nigro and Miss Young of Belton were the visitors, and to Miss Young fell the high score. An appetizing salad course brought a very pleasant after-

noon to a close. Mrs. Charles Parce is to be the next hostess.

SOCIETY'S YOUNGEST SET HAS LAWN PARTY

The kiddies had their day yesterday, and they made the most of it. Two little nieces of Mrs. Tom Padgett were the hostesses for a delightful lawn party at the Padgett residence. Clever costumes, riotous spirits and perfectly delicious ice cream cones made the Friday a red-letter day for about fifty playmates of these two little society thrills. A party program had been arranged and Mrs. Padgett successfully carried out to the rapture of the little ones themselves and their appreciative elders.

Mary Bray knows how to dance and she gave a fine demonstration in her unique representation of the Highland Fling, the dance that never grows old. Bill Foster danced the beautiful "Narcissus" and little Sarah Sommerman gave a truly delightful interpretation of the "Firefly." Caroline Pryor tripped gayly through the mazes of character dance, and Frances Compton closed the program with a charming recitation.

Every little maid and her lad had a chance to dance, for the whole lawn and a Victrola made dancing irresistible. Every good dance that grown-ups enjoy was represented in the long program which followed the character dancing. Never were children happier than these, and Mrs. Padgett was complimented on her thoughtfulness in behalf of young society.

MARKLAND-MCLAIN WEDDING IMPRESSIVE HOME SERVICE

At high noon Wednesday one of the prettiest of June home weddings took place, when Miss Ruby McLain was married to Horace Markland. Invitations had been issued to only the most intimate friends of the family.

Miss Grace Connally, a cousin of the bride, presided at the piano. The beautiful service was begun by the clear, sweet voice of Miss Ruth Lewis, who sang in a tender, sympathetic way, "All for You." At the first strains of Wagner's wedding march, Miss Verda Lee McLain entered the double parlors and proceeded down the long white aisle designed for the wedding party. The father followed with the bride on his arm. From another entrance came the groom, Horace Markland, and his best man, Baxter McPeak. The wedding party met at the altar, joining the Rev. F. S. Groner, who then performed the solemn ceremony. The service over, the bride ascended the stairway and threw her bouquet of pink Killarney roses and lilies of the valley, which was caught by Miss Ruth Lewis.

The entire company gathered around the punch bowl, which was placed on the dining table, and surrounded with maiden hair fern and sweet peas. Pink and green maline dropped gracefully from the electrolite to the table. Pink and green mints in cut glass bowls carried out the color scheme of pink and green. The bride's closest friends, Miss Mary Lou Connally, Clara Parsons, Ella Flevellyn, Sallie Morse and Joe Thompson served the delicious punch and angel food.

The date planned for the guests were Mrs. R. J. Parsons, Mrs. Walter Reese, Mrs. E. L. Farley, Mrs. Hudman Taylor and Mrs. O. K. Stetler. Mr. and Mrs. Markland left at 2:50 via Katy for Stillwater, Ohio, to visit the groom's mother. After two weeks they will return to Waco for a few days before going to San Antonio, where they will make their home. The bride's blond beauty was well set off by the tasteful grey suit with hat, gloves and shoes to match. The pink Killarney and lilies of the valley gave the needed color note. Miss Verda Lee McLain, the maid of honor, was beautiful in white taffeta, and georgette crepe. Miss Ruth Lewis was strikingly gowned in Nile green taffeta, with White hat and shoes. Miss Grace Connally wore pink taffeta with white hat and shoes. Society will miss this clever girl, who has gone to make San Antonio a still more attractive place, and to make home a paradise for the fortunate young man. Her friends and acquaintances are unanimous in their good wishes and congratulations. Mr. Markland, besides being fortunate in love, is successful in business. He is connected with the Texas Bitulithic company, and is universally regarded as an excellent young man. Out of town.

ALMOST FAINTED WHILE STANDING

And Suffered Dreadfully From Headache, Backache and Dizziness. Says Now That Women Are Foolish to Suffer and Tells Why.

New Augusta, Miss.—In relating her experience, Miss Irene H. Craft of this town, writes: "I have been troubled for a right smart while with female weakness. I was irregular... and was down in bed about all the time. I had chills and fever with these troubles for a year and a great deal of dizziness, headache and backache."

When I was sick at each month, I had to stay in bed all the time. Because my back would ache and my head would swim so that I would almost faint if I stood on my feet.

"I endured this for about three years. Finally I began to doctor with a doctor. He did not help me much. Then he recommended Cardui, and I began to take it. I took about one bottle and felt much better. I have taken a whole lot now, and feel just all right. I have no backache, headache or dizziness now."

"I think women are foolish to suffer when they can take so helpful a remedy as Cardui, and I surely praise it to every one."

"If you suffer from any of the ailments so common to women, why not give Cardui a trial? See earnest statements as the above speak for themselves, and we receive thousands of similar ones every year."

Greek Priest Returns to Kansas City

Rev. James Banggoss of Kansas City, a leading priest of the Greek Orthodox church, has returned to his home after a visit to several points in Texas, where he met the Greek residents, got acquainted with them, talked over spiritual matters and sought to strengthen their hold upon religious subjects.

He was a striking character in his long flowing robes and high black cap,

and attracted much attention. He has a strong and intellectual face, and is stated to be a man of profound learning.

Child Is Slightly Injured by Auto

Robert Nettles, son of Mr. and Mrs. B. C. Nettles of 1410 North Fifteenth street, was slightly bruised yesterday afternoon when he stepped from a street car in front of an automobile. The child, unaware of the approaching machine, stepped from the car and started across the street, but was thrown to the pavement by the force of the car. A physician was summoned at once but the injuries proved to be only a few slight bruises on the body.

GREAT CROWDS ARE EXPECTED TO HEAR FARMER JIM TODAY

GOVERNOR WILL OPEN CAMPAIGN FOR SECOND TERM IN AUDITORIUM AT 2:30 P. M.

With public opinion now engrossed in the subject of politics and the inevitable appeal that an opening gubernatorial speech always has in Texas, backed by the intense zeal of the present governor's supporters, Waco will be the mecca of several thousand interested voters for the address of James H. Ferguson this afternoon at 2:30 o'clock in the Auditorium. The governor will arrive in Waco at 11:40 over the Katy from Austin and will be accompanied by some 200 of his friends. Members of a large reception committee, headed by a band, will greet the governor's special train. Mr. Ferguson will be escorted to the Raleigh for an informal reception of friends.

Col. A. R. McCollum will introduce the governor. Arrangements for the coming of the governor for his opening campaign address for his second term have been made by Hon. O. L. Strubling.

To accommodate the large crowd with the greatest amount of comfort, workmen have been busy installing electric fans in the Auditorium, preparing for extra seats and getting everything ready for a crowded house. Friends of the governor, as well as those interested in state politics of whatever shade, from all parts of Central Texas, will swell the local crowd. It is expected that the gathering will be as great as many of the historic political assemblies which have gone down in Waco's traditions.

OUSLEY HAS BEEN ASKED TO COME HERE FOR TALK

Head of A. & M. Extension Department Expected Here for Address to Farmers.

Clarence Ousley, director of the extension department of the Agricultural and Mechanical college, has been asked to come to Waco on Saturday, June 17, and make an address to the farmers of this section at the farm of J. A. Pipkin, Jr., county demonstration agent. The faithfulness with which Mr. Pipkin had adhered to the government specifications in planting an acre of corn, has led members of the extension department corps to desire to use it for a practical demonstration.

Attention is called to the fact that it is a great deal more educational to the farmer to say "here is a farm cultivated after the best approved scientific methods" than merely to tell how such a farm should be run. It is declared that Mr. Pipkin on his acre of corn, has led members of the extension department corps to desire to use it for a practical demonstration.

Republican strategists who seek to pacify Roosevelt won a temporary victory at Chicago last night, in adjourning the regular convention after the second ballot. Hughes gained seventy-six votes on this ballot, and a third ballot might have given him the nomination. At Roosevelt's request, the progressives adjourned until this morning without a nomination. The outlook is that if Hughes is nominated, Roosevelt will take the progressive nomination. This contingency may defeat Hughes and send a minor candidate to the front.

The mysterious murder of an old and prominent citizen and his wife, while they were sleeping in their home, at Wills Point, is a reminder that this year has been surcharged with monstrous crimes in Texas. All the demons of hell seem to have been turned loose upon the world in 1916 to work their meanest meanness and their vilest vice. It will be the blackest page in human history. Future ages will wonder what caused it, and the thinkers of every race and nation will employ their energies to the prevention of its recurrence.

General Trevino, a Carranza leader in Chihuahua, is quoted as having said in a public speech that unless the American troops were speedily withdrawn, all Mexicans would be called to arms. Signs of approaching trouble are multiplying along the border. There are many patient, peace-loving people in this country who have been convinced by events that there will be no order in Mexico until it shall be established and enforced by this country.

Governor Ferguson's speech in Waco today will be, from a practical standpoint, one of the most important deliverances of the present campaign. He will outline the issues upon which he will go to the people for re-election. Texas is a big state, and big questions are up for settlement. The governor will define his program for the next two years, and not only the people of Waco, but all the people of Texas will be listeners.

Teddy told the reporters a bear story when they called to pump him about his intentions, and showed them the relics of the bear. It was probably the same animal which sat perfectly still while the photographer took its picture in the jungle, and when the negative was found to be satisfactory, committed an assault on Teddy which resulted in its finish—all of the harrowing details being photographed on the spot.

The governor of Lower California has put in force in that territory, by executive decree, what is equivalent to the federal anti-narcotic law against dangerous drugs. Even benighted Mexico is working up to the necessity of protecting the weak and the ignorant from their own folly.

What's the matter with our Terrible Teddy; Never asleep—for a row over ready; Give it to 'em, Teddy; Texas says you're a trumper; Fire, fire away till they slump, slump, slump.

Southwest Texas will ship from 40,000 to 50,000 carloads of fruits, berries and vegetables this year. If it keeps up its present rate of progress, Southern California will soon have to look to its laurels.

If our republican friends will run over to St. Louis a little later, they will be permitted to feast their eyes on an object lesson which will teach them how pleasant it is for brethren to dwell together in unity.

Governor Ferguson will render an accounting of his stewardship at Waco today. It is a safe prophecy that he will level a few parenthetical remarks at Governor Campbell.

The one paramount fact that flares out luminously through the Chicago proceedings is that the bosses are all very hungry and also very foxy.

That progressive convention at Chicago sounds more like a crowd of boys on a fishing trip than an assemblage of men to conserve the welfare of the nation.

The Germans have Fort Vaux and Death has most of the assailants.

FEDERATION MEETING IN MARLIN

FALLS COUNTY PROS WILL ORGANIZE CAMPAIGN TO CARRY SUBMISSION.

Fox Hound from Waco Will Be Used in Chasing Down Wild Cats.

Marlin, June 9.—At 8 o'clock this evening the sixth annual meeting of the Federation of Young People's Societies was called to order in the First Presbyterian church of this city, with an attendance of about eighty delegates. After the registration of delegates had been completed, Rev. J. E. James, the new pastor of the church in this city, delivered a warm welcome address, which was responded to by Edmund Heinsohn of Temple, after which the visitors were tendered a reception and musical program.

The convention will continue through Saturday and Sunday. Among the speakers on the program are Dr. W. M. Anderson of the First Presbyterian church of Dallas, Rev. Fred L. McFaddin of Belton, Mrs. A. O. Bowdon of Marlin, and Rev. E. Zimmerman of Austin.

Judge Tom L. McCullough of Waco made his first address in this city tonight in the interest of his candidacy for congress. His audience was not very large, owing largely to the "home industry" feeling of many towards his competitor for the position, Hon. Tom Connally, of Marlin, but a number of nation wide prohibition democrats were enthusiastic in their approval of the Waco candidate's speech.

Leslie Finucane received a shipment of fox hounds from Waco this afternoon, which he expects to use on the west side of the river chasing down some wild cats which have been making depredations on the poultry industry around Tomlinson Hill.

The prohibition democrats of Falls county have called a meeting to be held Saturday morning, June 17, at 10 o'clock, for the purpose of organizing a campaign to be carried on in every precinct of the county for carrying the question of submission.

The Old Settlers' committee met this morning and made further arrangements for the perfection of the program for the Old Settlers and Confederate Veterans' annual reunion this summer.

Marlin negroes have announced that they will have a great "Juneteenth celebration" on the 19th, in the Women's Federation park of this city. They are soliciting funds in order to make it a great success.

Agricultural Agent Chaney has advised that he has made arrangements whereby he will be able to secure grain market and conditions reports from the department at Washington for the information and use of all farmers in this county who desire to keep informed for the better disposal of their crops.

The following Waco people are registered at local hotels: D. L. Loring, John D. Harvey, T. C. Wortham and D. D. Dickson.

Moody Child Is Drowned in Well

Moody, Tex., June 9.—Late Thursday afternoon Jesse Hatter, a prominent merchant of Moody, was working in his garden at his home. His two little sons, children of two and five years, respectively, were with him. When Mr. Hatter returned to the house, about 7:30, the little two-year-old boy was not with him. Mr. Hatter had missed the little fellow but supposed he had returned to his mother.

It is supposed that the little fellow ventured too near the old crumbling curb and tumbled in. Although the father was within a few steps at the time, he doubtless had his back turned and as there was no outcry he was unaware of the tragedy.

Tent Show Seats Collapse at Mart

Mart, Tex., June 9.—Last night at the tent show of Renfrow Brothers the seats collapsed and quite a number of people were hurt. Mrs. Paul Douglas received a broken arm, and the little daughter of J. N. Shields had a broken arm. Several others were hurt but not so seriously.

The home of A. Freshour in South Mart was destroyed by fire yesterday afternoon about 6 o'clock.

Brooks at McGregor. McGreggor, June 9.—Dr. S. P. Brooks spoke here this morning at the opera house to a good audience in the interest of his candidacy for the United States senate. He favors rural credits and national constitutional prohibition. He also favors the budget system of appropriations by congress. He also thinks national banks should comply with the usury laws of the states where they live.

He opposes pension graft, mileage graft, franking abuses and the present method of seed distribution by congressmen.

His address was well received.

Insurance Hearing Suspended. Austin, June 9.—The increased insurance rate hearing before the fire insurance commission was suspended this afternoon, adjournment being taken until June 19, when the taking of evidence will be resumed.

Prominent Crawford Citizen Dies

Crawford, Tex., June 9.—J. Q. King, a prominent business man and citizen of Crawford, died here this evening at 5:30 after a long period of sickness. Mr. King had been in the lumber business here for nearly ten years, until the past year when he was forced to retire from business on account of bad health. He came here from Oglesby where he had been in business and was well liked both as a business man and a citizen. Mr. King was a Christian gentleman of the highest type and had been a member of the Baptist church from early youth, was well known in business circles of Central Texas and to his many friends his death was a severe shock.

COUNTY TAX VALUES NEAR \$57,000,000

According to County Tax Assessor John Reed, property valuations in McLennan county for 1916 are expected to total \$57,000,000, the total last year being \$56,129,856, the increase therefore being around one million dollars.

Volley Ball Teams of Y. W. C. A. Have Been Organized

The organization of the volley ball teams of the Y. W. C. A. has been completed, and there are now four distinct teams. So many have come into the organization since the first teams were formed that it was found necessary to enlarge the team membership by creating new teams.

There are at present no classes on Saturday, but at the present rate of increase it will be necessary to have them soon. The completed gym schedule has been arranged and follows: Mondays and Thursdays, from 9 to 11 a. m., women's classes, Mrs. G. K. McLendon coaching; Tuesdays and Fridays, from 6 to 10 p. m., women's classes, Mrs. Robert Dupree coaching; Mondays and Thursdays, 8 to 10 a. m., women's classes, Miss Frances Hoddie coaching; Wednesdays and Fridays, from 9 to 11 a. m., Mrs. Eva Prendergast coaching. The latter will be a junior girls' class.

These classes are well and regularly attended, very few of the girls ever missing classes. There were teams composed of the business girls playing in the gym last night from 6 to 10 o'clock. Mrs. E. J. Henry stated that a great deal of interest has been manifested in the gymnasium work, especially the volley ball, although the tennis playing has not been slighted. The tennis teams are well organized and are playing regularly on the high school courts, of which they are allowed the free use. They play twice a week, from 6 to 7 o'clock, on Tuesdays and Thursdays.

The magazines that have been ordered by the educational committee, and which are expected to add materially to the advantages and pleasures of the reading rooms, are expected any day. While the number ordered is not very large, yet the periodicals are of a healthful and instructive class.

Telephone Operators Christen Roof Garden

The roof garden on the new telephone building was christened last night, when the first meeting of the operators of the Texas Telephone company was held here. The gathering was for educational purposes. Some sixty of the local and long distance operators of the independent company met at 8:30 for the purpose of discussing the operating features of the big new switchboard that is to be put into service by the company tonight.

The meeting was in charge of General Traffic Superintendent H. B. Wagner of the Texas Telephone company, who was assisted by Miss Maggie Temple, chief operator, and Misses McClain and Edith Traub, supervisors. The young ladies participating expressed great gratification over the splendid accommodations furnished for them by the telephone company for such gatherings in summer. The roof garden is a feature of the new building that was built, as the idea of President J. B. Earle of the telephone company, strictly for the comfort and convenience of the women employees of the company, and it is to be placed entirely in their charge, none others being allowed there except upon special occasions.

The operators of the Texas Telephone company will bid farewell to the old quarters and quarters on North Fifth street tonight, when, at 10 o'clock, the old switchboard will be cut out of service and the new board and apparatus in the North Ninth street building will be cut in.

Rev. W. B. Holland Has Accepted Pastorate Clay Street Baptist

Rev. W. B. Holland has accepted the pastorate of the Clay Street Baptist church here and will begin his active services Sunday, June 18. He was called here unanimously by the congregation of the church to look over the field with a view of accepting the place. He preached at the church Wednesday night, with which they were pleased.

Rev. Mr. Holland was formerly pastor of the McGregor Baptist church, and is reported by those who know him to be a great Sunday school builder and church organizer.

J. L. J. Kidd has been elected reporter for the church.

Mayor Will Merge Telephones Tonight by Throwing Switch

Tonight at 10 o'clock, Mayor Dollins will throw the main switch on the second floor of the new telephone building and cut into service the big, new telephone switchboard, simultaneously "killing" the old switchboard in the building on North Fifth street. The mayor has been invited by President J. B. Earle of the Texas Telephone company to thus officiate at the formal opening of the new telephone plant and building, and he has accepted. Invitations are being issued by the company to the city commissioners to attend and see the job well done, and flashlight photographs will be taken of the affair. Those invited are asked to bring their wives, and immediately after the connection of the new board has taken place the party will repair to the roof garden on the building, where refreshments will be served. A trip of inspection will then be made through the building, and the new switchboard observed in operation.

All is practically ready for the cut-over. The installation of the big board was completed yesterday afternoon and most of the testing of the lines installed has been done. Officials of the company are certain that everything will be ready for the cut-over tonight. So completely have preparations been

made that the time has been moved up two hours. It was the original intention to throw the big, main switch over at midnight, but the company has hurried the work in order to have this ready by 10 o'clock.

The telephone people are much pleased over the completion of the work. The only thing to mar the pleasure they feel over the affair comes from the fact that President J. B. Earle of the company is quite ill, having been confined to his bed for several days, and will be unable to be present. Mr. Earle has been working very hard on the consolidation matters for several months, and it is feared that he is on the verge of a breakdown from overwork. It is a great disappointment to all the officials and employees of the company that he cannot be present at the moment of completion of the new exchange he has worked so hard to install.

A general opening of the new exchange, lasting several days, will be given by the telephone company just as soon as the final work of the cut-over can be completed and the building put in shape to entertain the guests. The company promises to make this an interesting affair and one to be enjoyed by all.

CITY NEWS BRIEFS

The sound of reapers could be heard again in cheering cadence up and down the countryside today, after the brief stoppage on account of the rain.

There will be a picnic today at Cobb's pasture, and the people there will be in large numbers, if the weather conditions are favorable for an assembly of this character. The picnic grounds are well located, and probably there will be a pleasant day spent by all.

The Y. M. B. L. has worked long and ardently for the white way, believing that it would result not only in beautifying Austin street from Third to Ninth, where it is proposed to establish the initial way, but that it would lead to further beautification of the same character in the city.

A calf which was feeding on the side of the track of the street railway on Sanger avenue this morning near Twenty-fourth street, lost his head as he saw the car coming, and as a result the young bovine literally "lost his head," the car killing him outright. The calf had escaped from an enclosure near by and made his way to the street car track.

It is an interesting sight to stand and watch the crowds about 6 o'clock in the afternoon when the big stores here are closed. The streets surge with people, and present a most animated appearance. Not only the stores, but many other places where help is employed, turn their people loose at this hour, and they all emerge upon the streets at once.

Hunt Jones, a well known business and traveling man of Waco, was operated on early yesterday morning. The operation was performed on Mr. Jones at a local sanitarium, and was for appendicitis. The last report was

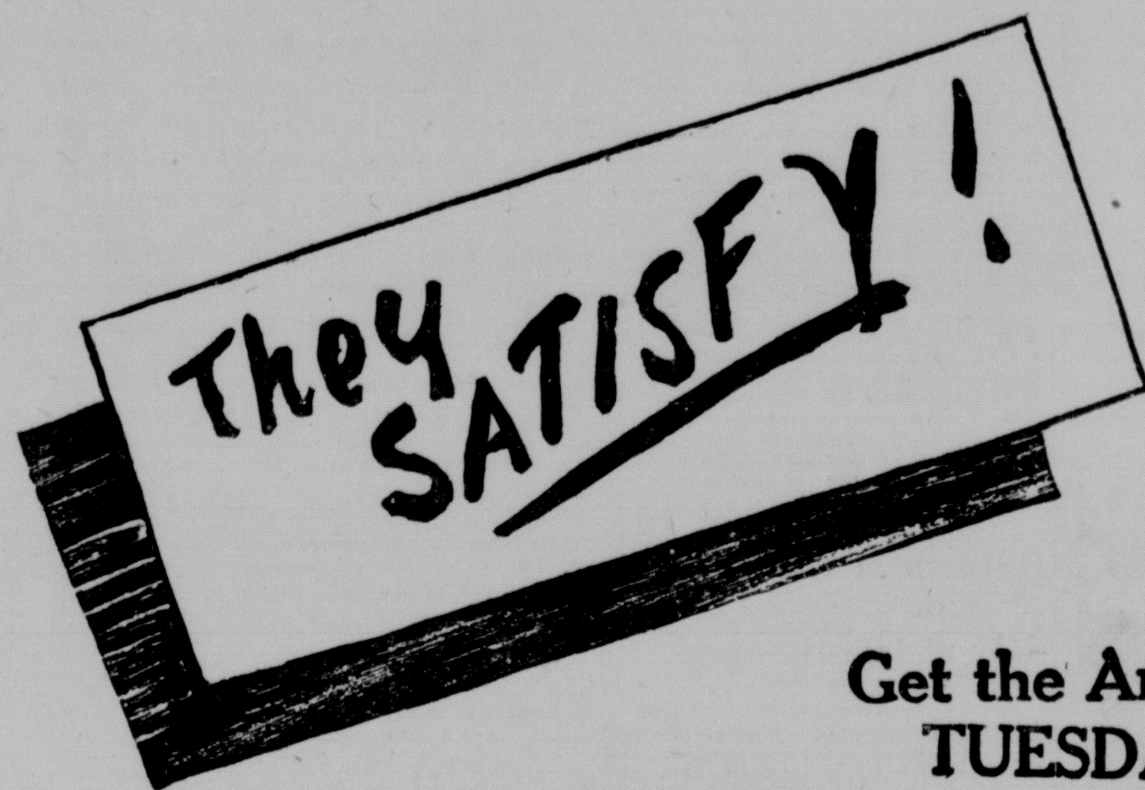

that Mr. Jones is getting along splendidly, the operation having been a successful one. He is known here as a good business man. He has been a traveling man for some time and prior to that manager of the Famous department store, also having been connected with Sangers.

The price of gasoline has dropped below twenty cents in a few instances in the city and the nineteen cent sign may be seen again. The price has been so variable that it has been impossible to print permanent signs, so all the signs show that they have been made up in a way which will admit of their being changed any old time that the fickle price record makes it necessary.

Lockers at the Sap yards in one of the houses where men are employed were opened Thursday night by a prowler and two pairs of pants, a hat and a pair of shoes were taken. A tramp was seen in a box car earlier in the night and run out, the supposition being that he got the things. The pair of shoes was taken from a room at the Big Four Ice company the same night, and the city hall officers are working on each of the cases.

The incident in Thursday's Morning News regarding the presence of many rats in the city, and of some of them crossing the streets by means of telephone wires in broad daylight and early dusk, brought out an interesting happening in this connection. A party residing in a few blocks of Twelfth and Jefferson noticed the rats on the wires one evening, and proceeded to have some fun by taking a few fancy shots at them with a small pistol. Parties in the neighborhood, hearing the pistol shots and not knowing the cause, telephoned the police that there was a fight in the vicinity. Police officers investigated, only to find that the rats had caused the disturbance.

President of Electric Financing Concern Is Studying Conditions

Coming to Texas and to Waco in a quiet manner, unheralded as it were, making a first hand inspection of the country and the conditions, there left this city yesterday a man who is at the head of electric lighting and propelling properties in many states in the Union—S. Z. Mitchell, president of the Electric Bond and Share company, of New York.

While in Waco Mr. Mitchell visited his aunt, Mrs. F. M. Maxwell Sr., whom he had not seen for some little while, and enjoyed his stay with her very much. He requested that he be not given any public reception by the business men, as he came to Texas to look over some large interests, and his time has not only been much occupied, but he has been leading a strenuous life in looking over interests of the properties held by the interests he represents. Few business men had any knowledge that he was in Waco, even at his own request.

While here Mr. Mitchell carefully examined the huge plant of the Texas Power and Light company in East Waco, spending much time there. With Mr. Mitchell was A. S. Greeney, also of New York. They left Waco for Temple, Austin, San Antonio, Houston and Galveston, going by automobile. Their presence here at this time, and the manner of their travel led to the belief that the visit had to do with the proposed extension southward of the Waco-Temple-Austin-San Antonio

today will be, from a practical stand-
point, one of the most important deliv-
erances of the present campaign. He
will outline the issues upon which he
will go to the people for re-election.
Texas is a big state, and big questions
are up for settlement. The governor
will define his program for the next
two years, and not only the people of
Waco, but all the people of Texas will
be listeners.

Teddy told the reporters a bear story
when they called to pump him about his
intentions, and showed them the
relics of the bear. It was probably the
same animal which sat perfectly still
while the photographer took its pic-
ture in the jungle, and when the nega-
tive was found to be satisfactory, com-
mitted an assault on Teddy which re-
sulted in its finish—all of the harrow-
ing details being photographed on the
spot.

The governor of Lower California
has put in force in that territory, by
executive decree, what is equivalent
to the federal anti-narcotic law against
dangerous drugs. Even benighted Mex-
ico is working up to the necessity of
protecting the weak and the ignorant
from their own folly.

What's the matter with our Terrible
Teddy;
Never asleep—for a row ever ready;
Give it to 'em, Teddy; Texas says
you're a trump;
Fire, fire away till they slump, slump,
slump.

Southwest Texas will ship from
40,000 to 50,000 carloads of fruits, ber-
ries and vegetables this year. If it
keeps up its present rate of progress,
Southern California will soon have to
look to its laurels.

If our republican friends will run
over to St. Louis a little later, they
will be permitted to feast their eyes on
an object lesson which will teach them
how pleasant it is for brethren to dwell
together in unity.

Governor Ferguson will render an
accounting of his stewardship at Waco
today. It is a safe prophecy that he
will level a few parenthetical remarks
at Governor Campbell.

The one paramount fact that flares
out luminously through the Chicago
proceedings is that the bosses are all
very hungry and also very foxy.

That progressive convention at Chi-
cago sounds more like a crowd of boys
on a fishing trip than an assemblage of
men to conserve the welfare of the
nation.

HOLD FEDERATION MEETING IN MARLIN

FALLS COUNTY PROS WILL OR-
GANIZE CAMPAIGN TO CARRY
SUBMISSION.

Fox Hound from Waco Will Be Used
in Chasing Down Wild
Cats.

Marlin, June 9.—At 8 o'clock this
evening the sixth annual meeting of
the Federation of Young People's So-
cieties was called to order in the First
Presbyterian church of this city, with
an attendance of about eighty dele-
gates. After the registration of dele-
gates had been completed, Rev. J. E.
James, the new pastor of the church in
this city, delivered a warm welcome
address, which was responded to by
Edmund Heinsch of Temple, after
which the visitors were tendered a re-
ception and musical program.
The convention will continue through
Saturday and Sunday. Among the
speakers on the program are Dr. W.
M. Anderson of the First Presbyterian
church of Dallas, Rev. Fred L. Mc-
Faddin of Belton, Mrs. A. O. Bowdon
of Marlin, and Rev. E. Zimmerman of
Austin.

Judge Tom L. McCullough of Waco
made his first address in this city to-
night in the interest of his candidacy
for congress. His audience was not
very large, owing largely to the "home
industry" feeling of many towards his
competitor for the position, Hon. Tom
Connally, of Marlin, but a number of
nation wide prohibition democrats
were enthusiastic in their approval of
the Waco candidate's speech.

Leslie Pinucane received a shipment
of fox hounds from Waco this after-
noon, which he expects to use on the
west side of the river chasing down
some wild cats which have been mak-
ing depredations on the poultry indus-
try around Tomlinson Hill.

The prohibition democrats of Falls
county have called a meeting to be held
this morning, June 17, at 10
o'clock, for the purpose of organizing a
campaign to be carried on in every
precinct of the county for carrying the
question of submission.

The Old Settlers' committee met this
morning and made further arrange-
ments for the perfection of the pro-
gram for the Old Settlers and Con-
federate Veterans' annual reunion this
summer.

Marlin negroes have announced that
they will have a great "Juneteenth
celebration" on the 19th, in the Wom-
en's Federation park of this city. They
are soliciting funds in order to make
it a great success.

Agricultural Agent Chaney has ad-
vised that he has made arrangements
whereby he will be able to secure grain
market and conditions reports from
the department at Washington for the
information and use of all farmers in
this county who desire to keep in-
formed for the better disposal of their
crops.

istered at local hotels: D. L. Loring,
John D. Harvey, T. C. Wortham and

Moody Child Is Drowned in Well

Moody, Tex., June 9.—Late Thursday
afternoon Jesse Hatter, a prominent
merchant of Moody, was working in
his garden at his home. His two lit-
tle sons, children of two and five years,
respectively, were with him. When
Mr. Hatter returned to the house, about
7:30, the little two-year-old boy was
not with him. Mr. Hatter had missed
the little fellow but supposed he had
returned to his mother.

Search was at once begun, the entire
well was alarmed, every nook and
cranny was scoured into, old wells were
dragged. Finally after five hours of
vain search the pitiful little water-
soaked body was lifted from an old
well in the Hatter yard.

It is supposed that the little fellow
ventured too near the old crumbling
curb and tumbled in. Although the
father was within a few steps at the
time, he doubtless had his back turned
and the child was no outcry he was
unaware of the tragedy.

Tent Show Seats Collapse at Mart

Mart, Tex., June 9.—Last night at the
tent show of Renfrow Brothers the
seats collapsed and quite a number of
people were hurt. Mrs. Paul Doug-
las received a broken hip and the lit-
tle daughter of J. N. Shields has a
broken arm. Several others were hurt
but not so seriously.

The home of A. Freshour in South
Mart was destroyed by fire yesterday
afternoon about 6 o'clock.

Brooks at McGregor.
McGregor, June 9.—Dr. S. P. Brooks
spoke here this morning at the opera
house to a good audience in the in-
terest of his candidacy for the United
States senate. He favors rural credits
and national constitutional prohibition.
He also favors the budget system of
appropriations by congress. He also
thinks national banks should comply
with the usury laws of the states where
they live.

He opposes pension graft, mileage
graft, franking abuses and the present
method of seed distribution by con-
gressmen.
His address was well received.

Insurance Hearing Suspended.
Austin, June 9.—The increased in-
surance rate hearing before the fire
insurance commission was suspended
this afternoon, adjournment being
taken until June 15, when the taking
of evidence will be resumed.

Prominent Crawford Citizen Dies

Crawford, Tex., June 9.—J. Q. King,
a prominent business man and citizen
of Crawford, died here this evening at
5:30 after a long period of sickness.
Mr. King had been in the lumber busi-
ness here for nearly ten years, until
the past year when he was forced to
leave from business on account of bad
health. He came here from Oglesby
where he had been in business and was
well liked both as a business man and
a citizen. Mr. King was a Christian
gentleman of the highest type and had
been a member of the Baptist church
from early youth. Was well known in
business circles of Central Texas and
to his many friends his death was a
severe shock.

COUNTY TAX VALUES NEAR \$57,000,000

According to County Tax Assessor
John Reed, property valuations in Mc-
Lennan county for 1916 are expected
to total \$57,000,000, the total last year
being \$56,129,855, the increase there-
fore being around one million dollars.

The estimate has not yet been com-
pleted, but will be in ample time for
meeting of the state tax board to be
held in Austin on July 15. Under all
the conditions it is thought the show-
ing made by this county is creditable.

Volley Ball Teams of Y. W. C. A. Have Been Organized

The organization of the volley ball
teams of the Y. W. C. A. has been com-
pleted, and there are now four distinct
teams. So many have come into the
organization since the first teams were
formed, that it was found necessary to
enlarge the team membership by cre-
ating new teams.

There are at present no classes on
Saturday, but at the present rate of
increase it will be necessary to have
them soon. The completed gym sched-
ule has been arranged and follows:
Mondays and Thursdays, from 9 to 11
a. m., women's classes, Mrs. G. K. Mc-
Lendon coaching; Tuesdays and Fri-
days, from 9 to 10 p. m., women's classes,
Mrs. Robert Dupree coaching; Mon-
days and Thursdays, 8 to 10 a. m.,
women's classes, Miss Frances Boddie
coaching; Wednesdays and Fridays,
from 9 to 11 a. m., Mrs. Eva J. Lender-
kast coaching. The latter will be a
junior girls' class.

These classes are well and regularly
attended, very few of the girls ever
missing classes. There were teams
composed of the business girls playing
in the gym last night from 6 to 10
o'clock. Mrs. E. J. Henry stated that
a great deal of interest has been mani-
fested in the gymnasium work, espe-
cially the volley ball, although the ten-
nis playing has not been slighted. The
tennis teams are well organized and
are playing reguary on the high school
courts, of which they are allowed the
free use. They play twice a week,
from 6 to 7 o'clock, on Tuesdays and
Thursdays.

The magazines that have been or-
dered by the educational committee,
and which are expected to add materi-
ally to the advantages and pleasures of
the reading rooms, are expected any
day. While the number ordered is not
very large, yet the periodicals are of a
helpful and instructive class.

Telephone Operators Christen Roof Garden

The roof garden on the new tele-
phone building was christened last
night, when the first meeting of the
operators of the Texas Telephone com-
pany was held here. The gathering
was for educational purposes. Some
sixty of the local and long distance
operators of the independent company
met at 8:30 for the purpose of dis-
cussing the operating features of the
big new switchboard that is to be put
into service by the company tonight.

The meeting was in charge of Gen-
eral Traffic Superintendent H. B.
Wagner of the Texas Telephone com-
pany, who was assisted by Miss Mag-
gie Templin, chief operator, and Misses
McClain and Edith Traub, supervi-
sors. The young ladies participating
expressed great gratification over the
splendid accommodations furnished for
them by the telephone company for
such gatherings in summer. The
roof garden is a feature of the new
building that was built, as the idea
of President J. B. Earle of the tele-
phone company, strictly for the com-
fort and convenience of the women
employees of the company, and it is
to be placed entirely in their charge,
none others being allowed there ex-
cept upon special occasions.

The operators of the Texas Tele-
phone company will bid farewell to
their old offices and quarters on North
Fifth street tonight, when, at 10
o'clock, the old switchboard will be
cut out of service and the new board
and apparatus in the North Ninth
street building will be cut in.

Rev. W. B. Holland Has Accepted Pastorate Clay Street Baptist

Rev. W. B. Holland has accepted the
pastorate of the Clay Street Baptist
church here and will begin his active
services Sunday, June 18. He was
called here unanimously by the con-
gregation of the church to look over
the field with a view of accepting the
place. He preached a sermon for the
congregation of the church Wednesday
night, with which they were pleased.
Rev. Mr. Holland was formerly pas-
tor of the McGregor Baptist church,
and is reported to be a man who know
him to be a great Sunday school build-
er and church organizer.

J. L. J. Kidd has been elected re-
porter for the church.

Mayor Will Merge Telephones Tonight by Throwing Switch

Tonight at 10 o'clock, Mayor Dollins
will throw the main switch on the sec-
ond floor of the new telephones build-
ing and cut into service the big, main
telephone switchboard, simultaneously
"killing" the old switchboard in the
building on North Fifth street.

The mayor has been invited by President
J. B. Earle of the Texas Telephone com-
pany to thus officiate at the formal
opening of the new telephone plant
and building, and he has accepted. In-
vitations are being issued by the com-
pany to the city commissioners to at-
tend and see the job well done, and
flashlight photographs will be taken of
the affair. Those invited are asked to
bring their wives, and immediately
after the connection of the new board
will be ready for the cut-over tonight.
A trip of inspection will then be made
through the building, and the new
switchboard observed in operation.

All is practically ready for the cut-
over. The installation of the big board
was completed yesterday afternoon and
most of the testing of the lines in-
stalled has been done. Officials of the
company are certain that everything
will be ready for the cut-over tonight.
So completely have preparations been

CITY NEWS BRIEFS

The sound of reapers could be heard
again in cheering cadence up and down
the countryside today, after the brief
stoppage on account of the rain.

There will be a picnic today at Cobb's
pasture near Rosqueville, and the peo-
ple are expected to be in large numbers.
If the weather conditions are favor-
able for an assembly of this charac-
ter. The picnic grounds are well lo-
cated, and probably there will be a
pleasant day spent by all.

The Y. M. B. L. has worked long
and ardently for the white way, be-
lieving that it would result not only
in beautifying Austin street from Third
to Ninth, where it is proposed to es-
tablish the initial way, but that it
would lead to further beautification
of the same character in the city.

A calf which was feeding on the
side of the track of the street railway
on Sanger avenue this morning, near
Twenty-fourth street, lost his head as
he saw the car coming, and as a result
the young bovine literally "lost his
head," the car killing him outright.
The car had escaped from an en-
closure near by and made his way to
the street car track.

It is an interesting sight to stand and
watch the crowds about 6 o'clock in
the afternoon when the big stores here
are closed. The streets surge with
people, and present a most animated
appearance. Not only the stores, but
many other places where help is em-
ployed, turn their people loose at this
hour, and they all emerge upon the
streets at once.

President of Electric Financing Concern Is Studying Conditions

Coming to Texas and to Waco in a
quiet manner, unheralded as it were,
making a first hand inspection of the
country and the conditions, there left
this city yesterday a man who is at
the head of electric lighting and pro-
pelling properties in many states in
the Union—S. Z. Mitchell, president of
the Electric Bond and Share company,
of New York.

While in Waco Mr. Mitchell visited
his aunt, Mrs. F. M. Maxwell Sr.,
whom he had not seen for some little
while, and enjoyed his stay with her
very much. He requested that he be
not given any public reception by the
business men, as he came to Texas to
look over some large interests, and his
time has not only been much occu-
pied, but he has been leading a strenu-
ous life in looking over interests of
the properties held by the interests he
represents. Few business men had any
knowledge that he was in Waco, even,
at his own request.

While here Mr. Mitchell carefully
examined the huge plant of the Texas
Power and Light company in East
Waco, spending much time there. With
Mr. Mitchell was A. S. Greeney, also
of New York. They left Waco for
Temple, Austin, San Antonio, Houston
and Galveston, going by automobile.
Their presence here at this time, and
the manner of their travel led to the
belief that the visit had to do with
the proposed extension southward of
the Waco-Temple-Austin-San Antonio

Engineer Henderson Inspects Dam

For the purpose of looking over progress at the lock and dam below Waco, John W. Henderson of Galveston spent yesterday in the city. He is assistant to Col. C. S. Riche, Galveston, in Brazos river matters. Dr. Doyle Eastland, who is the government physician at the lock and dam, took Major Henderson out to the work on the Brazos yesterday and he made an inspection of same, finding everything progressing favorably toward a finality. It will be only a short time until all machinery and working apparatus will be removed from the site of the lock and dam, and water will be backed up to and beyond Waco.

SPENCER & COMPANY PARTNER-MANAGERS BANQUET AT RALEIGH

The partners and yard managers of R. B. Spencer and company are in Waco for one of their regular meetings in the home town of R. B. Spencer, the head of this great lumber business. There are thirty-four lumber yards in this great chain under the leadership of the guiding hand, R. B. Spencer, located at as many different cities and towns.

The lumbermen gathered here yesterday and will be in session probably all of today. They are talking over retail lumber affairs and the best way to handle the affairs of their various yards, and exchanging ideas generally.

A whole floor at the Hotel Raleigh was taken by the partners and managers of the business, and yesterday and last evening were spent both pleasantly and profitably. The chairmen of the organization of the partners and managers is C. G. Frost of Dublin, while Clyde Webb of Waco is the secretary. The visitors will be shown over the city while here and will have social diversions to vary the business round.

A delightful dinner was enjoyed by the company men and their ladies in the gold room of Hotel Raleigh, at which time talks were made by different members of the party of visiting lumbermen.

The dinner was given as an honor to Mr. and Mrs. Spencer, the partners and the visiting managers. Mr. Spencer offered a toast in behalf of the managers; Mrs. Nannie Curtis and T. J. Jordan of Hico gave toasts to Mrs. Spencer and J. J. Durhan gave a toast honoring Mr. Spencer. W. E. ("Dillie") Black of Dallas gave a toast to the whole lumbermen, and other toasts were given by John Couch of Haskell, J. O. Shafer of Irene and J. B. Coleman of Meridian.

Today's business session will conclude the meeting.

Returning Official of Scouts Says Camp Life Is Great

A. L. Elliott, secretary-treasurer of the council of the Boy Scouts, returned last night from the summer camp site of the boys at Ocee on Hog creek and reported that the boys were getting along nicely and that scout campcraft was in full swing. Mr. Elliott had been with the boys since they left the city Tuesday morning. He declared that the swimming was excellent, the fishing was very good and the activities of the boys were ideal for scout work.

Sunday is visitors' day at the camp and the parents and friends of the boys are especially invited, said Mr. Elliott.

Windstorm Plays Havoc With Silos

Havoc was played with many silos in the country by the wind and rain of June 6, at night, and quite a number were wrecked, according to reports which came in yesterday.

In the vicinity of Robinson, especially, the silos suffered, and Elden Stovall said yesterday that a large number there received serious damage. The silos in many instances had not been braced at all or were braced insufficiently, and practically all were empty at this time of the year.

The silos constructed of timber suffered most, but as stated, much of this was because bracing had not been given proper attention.

Veteran Missionary Will Preach at the Austin Ave. Church

Members of Austin Avenue Methodist church and the public generally will have an opportunity tomorrow to hear Rev. J. A. G. Shipley, who for twenty years has been a missionary to Shanghai, China. Mr. Shipley reached Waco yesterday, stopping at the New State House.

He will, however, visit the remainder of the time in the home of Rev. J. E. Crawford, missionary secretary of the Central Texas conference of the Methodist church, and Hon. George W. Barcus. Rev. Mr. Shipley will spend all the rest of this month visiting churches in and around Waco and will be in the United States about a year before returning to headquarters in Shanghai, China. He is unusually well posted on China and Chinese affairs, the missionary situation, etc., and will be given a suitable hearing in Waco.

City Commissioners Are Considering Amendments

Consideration by members of the city commission of the charter amendments which have been proposed by the city is going ahead as rapidly as members can give attention to these amendments, the full intention being to order the election in time to make it legal for July 22, the date of the general primaries in Texas, and the amendment proposed for the city, or at least such part of them as in the wisdom of the commission should be submitted, will be voted on by the people.

It was found impractical to hold a meeting every day on the charter amendments, but the members are studying them for themselves and discussing them together when they can so that when the time comes to vote and to order the election all will be prepared.

Waco Boy Is Youngest Student in Graduate School at Yale

J. Homer Caskey will return from Yale tomorrow afternoon and will teach in Baylor during the summer quarter, his position to be instructor in English.

Mr. Caskey has been for the last nine months in Yale, working on his Ph. D. degree. He has held a university scholarship in the graduate school for the past year and has it for next year; they are awarded by a committee from the faculty and are open to graduates of all colleges in the United States and abroad. Twenty-five are given this year. Mr. Caskey has the distinction of being the youngest student in the graduate school of Yale, and is a young man of unusually bright mind, studious habits and has a brilliant career ahead of him. It is believed by those who know him. He is a son of Mr. and Mrs. J. H. Caskey of 1028 South Fifth street.

Orphanage Makes Plea

How many Waco people have ever gone through the orphanage? How many have thought of what the home is doing for Waco? We put into circulation every year from \$35,000 to \$40,000. We buy provisions, clothing and almost everything right here. Our building and remodeling is done by Waco forces. We have made the home a place of beauty in a civic way. Our lawn and flowers are much admired, but, good people, we can't afford to water them this summer when we have to pay such a high water rent. Isn't Waco able and willing to give us our water? We certainly do need your help and as far as we can see we are a benefit to you while you are doing very little for us. We need that new building but we can't get the money to finish it. Do the people of Waco think they could do a nobler work than to help us finish it? Out of the hundred and forty-five children in the home, thirty-eight are Waco children. It would cost the city a great deal to care for those thirty-eight children if we had no orphanage. Aren't you willing to help us help you?

Katy Commercial Agents Optimistic Over Conditions

"All the boys reported good business, with a steady tendency toward still higher levels, all were cheerful about the future, and believed that the thing to do is to re-establish confidence by the business men as quickly as possible, and thus establish the business to which Texas is really entitled."

This is the summing-up of an opinion expressed yesterday by R. P. Buckingham, commercial agent of the M. K. & T. railroad, who had just left a gathering of the commercial agents of the entire Katy system which assembled in St. Louis. The commercial agents are in a position to judge about business conditions as clearly as any set of men in the country, and they report a steady increase, with better times in sight.

Crops are looking well in Oklahoma, Kansas and Missouri, said Mr. Buckingham, though a little later than usual.

First Applicant Is Received at Marine Recruiting Station

The first promising nibble received at the new marine corps recruiting station was an application secured yesterday morning. The parents of the applicant are loath to release the young man, the only thing preventing his going being the issuance of his birth certificate. If accepted he will be sent to Port Royal, S. C.

"Much interest is being manifested in the prospects of this branch of the service," said Recruiting Officer J. A. Roesch, "and the literature and printed matter that I have made available for the public seems welcome, as it is taken readily by the people. I expect business to live up as soon as I have had time to organize my efforts here."

He said that as soon as the advantages of the service were better known he expected no difficulties in securing recruits.

SEVERAL PROMINENT MEN SLATED FOR THE TEACHERS' INSTITUTE

The program for the county school teachers' institute was outlined at a conference of several of the principals with Prof. R. L. Abbott, county superintendent, yesterday afternoon. It was decided to hold the institute for five full days at Baylor university, beginning September 4. Besides several prominent speakers in the state realm of education, there will be a great deal of grade conference work and special lecture work in connection with the institute.

Those here for the conference with Mr. Abbott, were Prof. H. P. Walker of McGregor, Prof. W. V. Harrison of Crawford, Prof. J. P. Buck of West, Prof. Isaac Smith of Robinson, Prof. Edgar McLendon of Mart and Prof. E. O. Miller of Moody.

Prof. P. W. Horne, city superintendent of Houston, who has been present at the McLennan institute for the past three years, will be asked to take a part on this year's program. Dr. J. L. Engineer Henderson Inspects Dam

For the purpose of looking over progress at the lock and dam below Waco, John W. Henderson of Galveston spent yesterday in the city. He is assistant to Col. C. S. Riche, Galveston, in Brazos river matters.

Dr. Doyle Eastland, who is the government physician at the lock and dam, took Major Henderson out to the work on the Brazos yesterday and he made an inspection of same, finding everything progressing favorably toward a finality. It will be only a short time until all machinery and working apparatus will be removed from the site of the lock and dam, and water will be backed up to and beyond Waco.

SPENCER & COMPANY PARTNER-MANAGERS BANQUET AT RALEIGH

The partners and yard managers of R. B. Spencer and company are in Waco for one of their regular meetings in the home town of R. B. Spencer, the head of this great lumber business. There are thirty-four lumber yards in this great chain under the leadership of the guiding hand, R. B. Spencer, located at as many different cities and towns.

The lumbermen gathered here yesterday and will be in session probably all of today. They are talking over retail lumber affairs and the best way to handle the affairs of their various yards, and exchanging ideas generally.

A whole floor at the Hotel Raleigh was taken by the partners and managers of the business, and yesterday and last evening were spent both pleasantly and profitably. The chairman of the organization of the partners and managers is C. G. Frost of Dublin, while Clyde Webb of Waco is the secretary. The visitors will be shown over the city while here and will have social diversions to vary the business round.

A delightful dinner was enjoyed by the company men and their ladies in the gold room of Hotel Raleigh, at which time talks were made by different members of the party of visiting lumbermen.

The dinner was given as an honor to Mr. and Mrs. Spencer, the partners and the visiting managers. Mr. Spencer offered a toast in behalf of the managers; Mrs. Nannie Curtis and T. J. Jordan of Hico gave toasts to Mrs. Spencer and J. J. Durhan gave a toast honoring Mr. Spencer. W. E. ("Billie") Black of Dallas gave a toast to the wholesale lumbermen, and other toasts were given by John Couch of Haskell, J. O. Shafer of Irene and J. R. Coleman of Meridian.

Today's business session will conclude the meeting.

Returning Official of Scouts Says Camp Life Is Great

A. L. Elliott, secretary-treasurer of the council of the Boy Scouts, returned last night from the summer camp site of the boys at Ocee on Hog creek and reported that the boys were getting along nicely and that scout campcraft was in full swing. Mr. Elliott had been with the boys since they left the city Tuesday morning. He declared that the swimming was excellent, the fishing was very good and the activities of the boys were ideal for scout work.

Sunday is visitors' day at the camp and the parents and friends of the boys are especially invited, said Mr. Elliott.

Windstorm Plays Havoc With Silos

Havoc was played with many silos in the country by the wind and rain of June 6, at night, and quite a number were wrecked, according to reports which came in yesterday.

In the vicinity of Robinson, especially, the silos suffered, and Elden Stovall said yesterday that a large number there received serious damage. The silos in many instances had not been braced at all or were braced insufficiently, and practically all were empty at this time of the year.

The silos constructed of timber suffered most, but as stated, much of this was because bracing had not been given proper attention.

Veteran Missionary Will Preach at the Austin Ave. Church

Members of Austin Avenue Methodist church and the public generally will have an opportunity tomorrow to hear Rev. J. A. G. Shipley, who for twenty years has been a missionary to Shanghai, China. Mr. Shipley reached Waco yesterday, stopping at the New State House.

He will, however, visit the remainder of the time in the home of Rev. J. E. Crawford, missionary secretary of the Central Texas conference of the Methodist church, and Hon. George W. Barcus. Rev. Mr. Shipley will spend all the rest of this month visiting churches in and around Waco and will be in the United States about a year before returning to headquarters in Shanghai, China. He is unusually well posted on China and Chinese affairs, the missionary situation, etc., and will be given a suitable hearing in Waco.

City Commissioners Are Considering Amendments

Consideration by members of the city commission of the charter amendments which have been proposed by the city is going ahead as rapidly as members can give attention to these amendments, the full intention being to order the election in time to make it legal for July 22, the date of the general primaries in Texas, and the amendment proposed for the city, or at least such part of them as in the wisdom of the commission should be amended, will be voted on by the people.

It was found impractical to hold a meeting every day on the charter amendments, but the members are studying them for themselves and discussing them together when they can so that when the time comes to vote and to order the election all will be prepared.

Waco Boy Is Youngest Student in Graduate School at Yale

J. Homer Caskey will return from Yale tomorrow afternoon and will teach in Baylor during the summer quarter, his position to be instructor in English.

Mr. Caskey has been for the last nine months in Yale, working on his Ph. D. degree. He has held a university scholarship in the graduate school for the past year and has it for next year; they are awarded by a committee from the faculty and are open to graduates of all colleges in the United States and abroad. Twenty-five are given this year. Mr. Caskey has the distinction of being the youngest student in the graduate school of Yale and is a young man of unusually bright mind, studious habits and has a brilliant career ahead of him, it is believed by those who now him. He is a son of Mr. and Mrs. J. H. Caskey of 1028 South Fifth street.

Orphanage Makes Plea

How many Waco people have ever gone through the orphanage? How many have thought of what the home is doing for Waco? We put into circulation every year from \$35,000 to \$40,000. We buy provisions, clothing and almost everything right here. Our building and remodeling is done by Waco forces. We have made the home a place of beauty in a civic way. Our lawn and flowers are much admired, but, good people, we can not afford to water them this summer when we have to pay such a high water rent. Isn't Waco able and willing to give us our water? We certainly do need your help and as far as we can see we are a benefit to you while you are doing very little for us. We need that new building but we can not get the money to finish it. Do the people of Waco think they could do a nobler work than to help us finish it? Out of the hundred and forty-five children in the home, thirty-eight are Waco children. It would cost the city a great deal to care for those thirty-eight children if we had no orphanage. Aren't you willing to help us help you?

Katy Commercial Agents Optimistic Over Conditions

"All the boys reported good business, with a steady tendency toward still higher levels, all were cheerful about the future, and believed that the thing to do is to re-establish confidence by the business men as quickly as possible, and thus establish the business to which Texas is really entitled."

This is the summing-up of an opinion expressed yesterday by R. P. Buckingham, commercial agent of the M. & T. railroad, who had just left a gathering of the commercial agents of the entire Katy system which assembled in St. Louis. The commercial agents are in a position to judge about business conditions as clearly as any set of men in the country, and they report a steady increase, with better times in sight.

Crops are looking well in Oklahoma, Kansas and Missouri, said Mr. Buckingham, though a little later than usual.

First Applicant Is Received at Marine Recruiting Station

The first promising nibble received at the new marine corps recruiting station was an application secured yesterday morning. The parents of the applicant are loath to release the young man, the only thing preventing his going being the issuance of his birth certificate. If accepted he will be sent to Port Royal, S. C.

Much interest is being manifested in the prospects of this branch of the service," said Recruiting Officer J. A. Roesch, "and the literature and printed matter that I have made available for the public seems welcome, as it is taken readily by the people. I expect business to live up as soon as I have had time to organize my efforts here."

He said that as soon as the advantages of the service were better known he expected no difficulties in securing recruits.

Leidy Protests Game Awarded to Gassers

Shreveport, La., June 9.—Duffy relieved Perry in the ninth and checked a rally after San Antonio had scored three runs in that inning and Shreveport won 8 to 7. Manager Leidy protested the game on the grounds that Kneaves should not have been allowed to bat in the fifth. He had four balls in the fourth when Knaupp was out trying to steal home for the third out. Kneaves doubled in the fifth and scored. The score:

Waco Architects Will Go to Dallas for Function Today

A party of Waco architects, accompanied by their wives, will leave for Dallas over the interurban at 9:10 this morning to attend a social function to be given by the Dallas Society of Architects. The party will be entertained by a luncheon upon their arrival and in the evening by a banquet and ball, returning some time tomorrow. There are expected to be about fifteen in the party.

The courtesy is similar to the one shown the architects of Dallas in March when they were invited here on a day's lark, and were entertained by the local architects.

Sporting Comment

Oilers again today.

National league fans will get to see a lot of double-headers later.

Nashville gained another game on New Orleans yesterday by defeating the Pelicans 4 to 1. The Pelicans dropped one to Memphis.

Sam Crawford, the Jesse James of the Detroit Tigers, showed yesterday as a ham while the Pelicans dropped one to Memphis.

The Yankees need just that balance of break and that aggressive pepper imparted by Al Walters. And the quicker they get it the quicker Wild Bill's troubles will be over.

Bill was going fine at the finish. In the ninth Inning, who had struck out on all three of his previous trips to the plate, grounded out to Mal, Perry struck out and Nixon popped up to Reilly.

Walter Johnson finally broke the Senators' losing streak by defeating Cleveland 4 to 1. Johnson dropped another game to St. Louis and allowed Washington to replace them in second place.

If Buddie Napier hadn't walked Jesse James to get to Buddie Tanner, maybe Buddie Napier might have won his game by striking out Jesse James. Then again, maybe Jesse might have hit the ball over the fence.

Mosley saved Dodd an error in the fifth. Malmquist, first up in the inning, hit to third and Dodd's throw was high. Hubbs went about three feet into the air and made a one-handed catch, getting back to earth in time to shut Mal off.

Dodd made a mighty pretty catch of a stolen base, Carroll 2. Two-base hits, Carroll, Kneaves, Diamond, Dee. Three-base hits, Wotell, Carroll. Double plays, Knaupp to Schrader, Dee to Dunkel. Bases on balls, off Brandt 3, Ogle 1. Left on bases, San Antonio 4, Shreveport 2. Wild pitch, Brandt. Passed ball, Burch. Time, 1:38. Umpire, Matthews.

The double umpire system increases the joy of witnessing a ball game to a considerable extent. Where the arbiter has but one section of the game to watch he gets along a lot better and bettering is cut down considerably.

The Oiler foreman admitted defeat in the first inning when, with a man on third and two strikes on him, Hill slipped a fast one over. Del never was for the decision, just turned and walked to the bench.

Cap Leidy protested yesterday's game at Shreveport over a ruling, unusual, to say the least. In the fourth inning, Joe Kneaves had just been given four balls when Knaupp made the third out. Kneaves was allowed to bat in the fifth inning, made a two-bagger and scored what proved to be the winning run.

That old Delephant boy certainly has some good throws left in the old arm yet. Tanner got away from second in time shape yesterday on a hit by Wohlleben to left, but Delephant pegged the ball to the plate so quick that Buddie had to get around third. As a matter of fact, the Oilers have one of the best throwing outfielders in the league.

Giants Beat Buffs in Second Game

Dallas, Texas, June 9.—Houston again met defeat at the hands of Dallas today, 4 to 1. A single, double and triple, coupled with a sacrifice fly in the seventh inning, turned the trick today. While Conley was hit for a total of ten safe blows by the Bisons, Houston was steady in the pitcher and received good support. The score:

WACO OILERS

NAPIER WALKS JAMES TO GET AT TANNER—GOOD-BYE, OLD BALL GAME.

BEAUMONT GETS EARLY LEAD

Navigators Wait Until Eighth Inning and Then Run in Four Scores.

Buddie Napier walked Jesse James to get to Buddie Tanner. Bing! G'bye Buddie Napier's old ball game. There's no use talking, that Jesse James is a handy old scoundrel to have around at all times. Even if he didn't hit 'em over the fence once in a while, he's a valuable and most respected citizen just to have around so's the other pitchers can walk him to get to Buddie Tanner. The Waco shortstop don't like to be showed up in no such manner. Nearly every time some foxy pitcher walks Jesse to get to Buddie, he steps into trouble.

Napier did yesterday. The ex-Buff was stepping along nicely. He was working behind the big end of a 2-to-1 score and seemed well pleased to change on his hip. But you never can tell about these Champs. That's the reason they're Champs.

Anyhow, Buddie was safely past the seventh. Indeed, he had even disposed of the nifty Gold-dusters in the eighth—Bittle having whiffed and Coyle had got out to Dodd—a thingy with two down Irish Conwell upset Buddie's plans by busting a two-bagger between Delephant and Nixon. Hat, Grease, stuff! Buddie Tanner, a sure later suddenly had a brilliant idea. He ran all the way in from center to tell Buddie he better walk Jesse to get to Buddie Tanner. He had already advised the same thing, Napier knew it was his best shot and Del had telephoned it in by means of a phone—but when it failed to pan out, Napier Nixon was the goat.

Jesse was walked, all right. Buddie wasn't taking any chances—he didn't. He hit within six feet of the plate, a ball that had already knocked one ball out of the lot during the game. Then Buddie Tanner, the Buddie Napier and the latter Buddie went down. It wasn't such a much of a screaming hit. It wasn't even what you'd call a "good" one. But it was just exactly the sort of a hit on which a man ought to score the tying run from second—a thingy that would knock over Perry's head. At that Nixon's throw was square onto the plate, Conwell sliding into the ball.

James reached third and Tanner second on the throw-in, and Buddie Napier decided he might as well play the string out, so he walked over Perry's head. But it was just exactly the sort of a hit on which a man ought to score the tying run from second—a thingy that would knock over Perry's head. At that Nixon's throw was square onto the plate, Conwell sliding into the ball.

But it was just exactly the sort of a hit on which a man ought to score the tying run from second—a thingy that would knock over Perry's head. At that Nixon's throw was square onto the plate, Conwell sliding into the ball.

Beaumont started scoring in the first. Lefty started out with getting in the hole on Jack Johnston and when he grooved the deciding ball the Oilers were two runs ahead. Lefty's sacrifice fly, Cliff steamed 'em over so fast on Delephant that he just waltzed and 'em go and walked addy back to the bench. Dodd was unable to bat. Lefty's broadsides, but one curve that almost caused the batter to break back got away from Reilly and rolled eight or ten feet back of the catcher. Turk couldn't locate the ball to save his life and while he was running around in a circle looking for it Johnston trotted home.

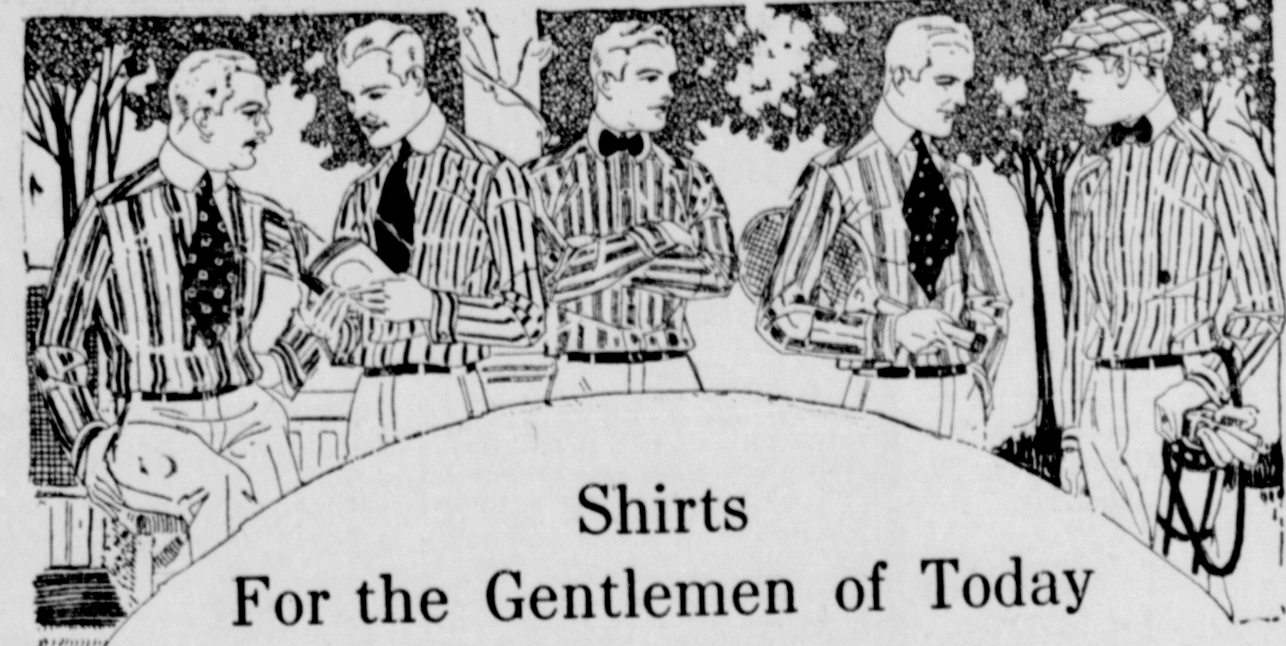

In the third inning Andreen drew a walk to go with and when center sacrificed Wohlleben muffed Hill's peg, Johnston then swung a hard bunt between Hill and Conwell that went safe and the bases were loaded. Hill's next out, when Jesse James, starting the inning, hit the ball over the deep right-center fence.

MARKET REPORT

COTTON

New York. New York.—Reports of a better export demand and renewed Liverpool buying to undo old straddle accounts gave the cotton market a steadier tone today and prices recovered part of yesterday's losses. December contracts sold up to 12.07 late in the afternoon and closed at 12.06 with the general list closing steady at an advance of 8 to 11 points.

The chief feature of the market was a relatively steady cables, rouses with English connections were good buyers here during the early trading, but New Orleans was a seller while prospects for fair and warmer weather inspired some scattering pressure under which prices gradually eased off.

General business was very quiet, however, and prices rallied during the afternoon. The close was weak, but the market was expected to arrive there tomorrow from Cameron county.

Weekly Cotton Review. New York, June 9.—The cotton market has been less active during the past week. The recent break to 12 1/2 cents for July appeared to have placed the market in a somewhat firmer technical position, and fluctuations since then have been irregular, with October contracts ruling between 12.62 and 13.00, closing at 12.50 tonight.

One of the chief features of the trading has been the active buying here by houses with Liverpool connections to undo straddles.

Stocks of American cotton in both Manchester and Liverpool showed a sharp falling off this week.

New Orleans. New Orleans, June 9.—A steady tone was maintained in the cotton market today in the face of reports of the new crop, continued good weather and crop news from practically all sections of the belt and the forecast of fair weather for the rest of the

Cool—no mosquitos. Grove Park Inn Sunset Mountain, Asheville, N. C.—the finest Resort Hotel in the World. It is absolutely fireproof and open all the year.

The 120-acre, 18-hole, golf course is the finest in the South—it is a blue grass course. All the water used at the Inn comes from the slopes of Mount Mitchell, the highest mountain east of the Rockies, nearly seven thousand feet altitude. The milk and cream come from Biltmore Dairy on the estate of the late Geo. W. Vanderbilt.

It is the cleanest, most sanitary hotel ever built. Every floor is tile. Every bedroom has Mosaic tile covered with French rugs made at Aubusson, France. The foods are the finest money can buy. The kitchen is spotless white tile to the roof and pure white Mosaic tile floors. The buildings are built of great mountain boulders—some of the walls are five feet thick.

We are three and a half miles from the railroad. The street cars are not allowed to come near enough to be heard. We burn coke—not soft coal. Automobiles not allowed near the building during the night. Thus we have no smoke, no dust, no train noise. We have pure air, common-sense, digestible food, quiet in the bedrooms at night, the finest Orchestra outside of New York and Boston, a great organ, and an atmosphere where refined people and busy business men with their families find great comfort and a good time.

City Heads Have Conference on "Efficiency"

There was a conference yesterday morning, in the office of Mayor John Dollins, of the heads of the various city departments, this being a kind of "efficiency" meeting as it were, as it dealt with the question of still further systematizing matters in all departments of the city, and getting more satisfactory results all along the line.

Nothing of special importance was discussed at this gathering but all the department heads secured the impression of more thorough co-operation and system as a leading thought in the mind of the administration of municipal affairs.

It is believed that the gathering will tend to a better understanding all along the line, and consequently more satisfactory results for the public as a whole.

City Negroes Now in Exodus to Country

Wagonloads of negroes continue to go to the country, and not a few white men are among the number headed that way, the object of their going being in connection with harvesting, hoeing corn and cotton, plowing and doing general farm work.

Unusually good prices have prevailed, many farmers paying strong hands \$1.50 a day, this being considered unusually satisfactory wages for this kind of work. There are very few idle people in the city at present, and all who want manual labor of some kind can get it.

The effect is being felt on the retail business, which is better than it has been for some time with certain lines.

Loses an Eye; Child Would See the City

Insisting that he wanted to have a good look at Waco, and that he was not suffering any pain although he had just had one eye removed because of injuries thereto, the 13-year-old son of Mr. and Mrs. F. P. McGuffin of Marlin yesterday tried to get his parents to take him over the city.

The boy came to see Waco oculists because of a peculiar accident. He was cutting a piece of leather while at his home in Marlin, holding the leather up towards his face, and pulling the knife towards him; the blade of the knife either slipped out of the leather or else cut its way through, slipping then into the boy's eye and cutting the sight out of the ball.

The eye was removed here in Waco, the boy insisting that he felt no pain from it, and he then wanted to see the city. He was gratified in the wish as far as was thought expedient.

Y. M. C. A. Directors Have Important Meeting Monday

There will be a very important meeting at 5 o'clock Monday afternoon of the board of directors of the Y. M. C. A., and at that time several matters will receive attention which are of interest to the community.

At this meeting there will be submitted a report of the Bell Mead association and there will be a chairman of this department elected at the directors' meeting. The work of installing the Y. M. C. A. at Bell Mead will come along in due season now.

A request has been submitted by the Y. M. C. A. for use of the pool at the Y. M. C. A. one night each week for the next three months, and this will receive consideration.

Also there will be a report of the gospel team work and other religious activities, and other business.

WACO IS BECOMING DISTRIBUTING POINT FOR MILK SHIPPERS

A concrete illustration of the diversification which is being practiced by the thrifty people up the Texas Central railroad is furnished here two or three times each week in the number of milk cans which may be seen at the depot of the Katy here, and also in the cases of eggs and the shipments of poultry from that section of the state; in fact several Texas cities receive a large part of their milk supply and the cream for their toasties right off the Texas Central railroad, all this milk passing through Waco, where it is re-distributed by the American Express company, which handles the products of the line.

And all the while the dollars are flowing towards the country up the Texas Central in ever increasing abundance, in exchange for the coveted local products, adding to the riches of the people.

The American Express company handles milk and poultry products out of the Texas Central district, and from Texas Central points every day, but it has been found necessary to supplement the service, so great is the output, and the American Express company is now running an extra car out of Delcote each Wednesday and Sunday to aid in handling the milk supply and send it to the various places clamoring for it. This car comes down at night, reaching Waco of morning, and it is a sight to witness the handling of the milk cans. Farmers come in on Saturdays with a great supply, and the Sunday run is a tremendous one.

At Waco the milk is distributed to the various routing agencies and sent to Fort Worth, Dallas, San Antonio, Beaumont and other points. Conditions are highly favorable for the development of a still greater business of this kind up the Texas Central, with good grass, range enough for stock and healthful conditions for cows. The result is that the business is doubling and trebling, and has grown enormously over what it was four years ago.

The poultry business also is one which is growing by leaps and bounds there, as is the growing of hogs for market, while the fine effects of the peanut industry in parts of that country are well known.

The American Express company is aiding and encouraging the development of the business in every possible manner, and is rendering practical service, too, in meeting all transportation demands.

New Pension Law of Wells-Fargo Company Goes Into Effect

The local Wells-Fargo Express company's office has received the announcement to the effect that the new pension plan which ranks in generosity with the best of the other pensions of the great industrial corporations in the land. The new system went into effect on the first of June.

One of its salient features is the disability clause which remunerates the employees who are sick or disabled by accident.

It specifically states that any Wells Fargo salaried employee, who has been six months or more in the service, when incapacitated for work by accident or sickness while on duty, may be allowed pay for the period of the enforced absence, in accordance with a very generous table of time allowances. If the accident should occur while he is on duty the compensation granted is, of course, much greater.

Another feature of the plan provides for the continuance of a man's salary to his beneficiaries for a season after his death. This is an aid to the stricken widow which helps her to live till she can at least recuperate from the shock of the loss of her husband.

The minimum pension allowed for a supernumerary employee is \$30 a month, whereas under the old plan there was no minimum.

The keynote of the entire system is sounded in a foreword to the printed plan. It reads as follows:

The executive officials of the company have great pleasure and satisfaction in announcing the adoption by the board of directors of a revised benefit and pension system, to take effect June 1, 1916. This enlarges the age-pension allowances to the employee in the event of disability, and to his beneficiaries in case of death.

The disability allowance is alike a reassurance against the fear of loss of income through sickness or accident and a means of support should such misfortune occur.

The new system is not only a recognition of loyalty and devotion to the company, but is intended as an encouragement to continued employment with the company and increased expertness in the exacting work required in an efficient express service. Public favor and patronage are essential to the company's success, and upon its ability to continue benefit provisions for employees.

FOR SALE—8-year-old horse in extra condition, weighs about 1400 pounds; white, powerful, will work anywhere because I do not need a horse; can be seen at 2401 Sanger avenue. Look at him and make me an offer. J. O. Crawford, at the Goldstein-Miguel Co.

The local Wells-Fargo Express company's office has received the announcement to the employees a new pension plan which ranks in generosity with the best of the other pension plans of the great industrial corporations in the land. The new system went into effect on the first of June.

One of its salient features is the disability clause which removes the employee whose are sick or disabled by accident.

It specifically states that any Wells Fargo salaried employee, who has been six months or more in the service when incapacitated for work by accident or sickness while not on duty, may be allowed pay for the period of the enforced absence, in accordance with a very generous table of time allowances. If the accident should occur while he is on duty the compensation granted is, of course, much greater.

Another feature of the plan provides for the continuance of a man's salary to his beneficiaries for a season after his death. This is an aid to the stricken widow which helps her to live till she can at least recuperate from the shock of the loss of her husband.

The minimum pension allowed for a superannuated employee is \$30 a month, whereas under the old plan there was no minimum.

The keynote of the entire system is sounded in a foreword to the printed plan. It reads as follows:

The executive officials of the company have great pleasure and satisfaction in announcing the adoption by the board of directors of a revised benefit and pension system, to take effect June 1, 1916. This enlarges the age-pension allowances to the employee in the event of disability, and to his beneficiaries in case of death. The disability allowance is alike a reassurance against the fear of loss of income through sickness or accident and a means of support should such misfortune occur.

The new system is not only a recognition of loyalty and devotion to the company, but is intended as an incentive to continued employment with the company and increased expertness in the exacting work required in an efficient express service. Public favor and patronage are essential to the company's success, and upon its ability to continue benefit provisions for employees.

Loses an Eye; Child Would See the City

Insisting that he wanted to have a good look at Waco, and that he was not suffering any pain although he had just had one eye removed because of injuries thereto, the 13-year-old son of Mr. and Mrs. F. P. McGuffin of Marlin yesterday tried to get his parents to take him over the city.

The boy came to see Waco oculists because of a peculiar accident. He was cutting a piece of leather while at his home in Marlin, holding the leather up towards his face, and pulling the knife towards him; the blade of the knife either slipped out of the leather or else cut its way through, slipping then into the boy's eye and cutting the sight out of the ball.

The eye was removed here in Waco, the boy insisting that he felt no pain from it, and he then wanted to see the city. He was gratified in the wish as far as was thought expedient.

Y. M. C. A. Directors Have Important Meeting Monday

There will be a very important meeting at 5 o'clock Monday afternoon of the board of directors of the Y. M. C. A., and at that time several matters will receive attention which are of interest to the community.

At this meeting there will be submitted a report of the Bell Mead association and there will be a chairman of this department elected at the directors' meeting. The work of installing the Y. M. C. A. at Bell Mead will come along in due season now.

A request has been submitted by the Y. W. C. A. for use of the pool at the Y. M. C. A. one night each week for the next three months, and this will receive consideration.

Also there will be a report of the gospel team work and other religious activities, and other business.

City Heads Have Conference on "Efficiency"

There was a conference yesterday morning, in the office of Mayor John Dollins, of the heads of the various city departments, this being a kind of "efficiency" meeting as it were, as it dealt with the question of still further systematizing matters in all departments of the city, and getting more satisfactory results all along the line.

Nothing of special importance was discussed at this gathering but all the department heads secured the impression of more thorough co-operation and system as a leading thought in the mind of the administration of municipal affairs.

It is believed that the gathering will tend to a better understanding all along the line, and consequently more satisfactory results for the public as a whole.

City Negroes Now in Exodus to Country

Wagonloads of negroes continue to go to the country, and not a few white men are among the number headed that way, the object of their going being in connection with harvesting, hoeing corn and cotton, plowing and doing general farm work.

Unusually good prices have prevailed many farmers paying strong hands \$1.50 a day, this being considered unusually satisfactory wages for this kind of work. There are very few idle people in the city at present, and all who want manual labor of some kind can get it.

The effect is being felt on the retail business, which is better than it has been for some time with certain lines.
